

BASEBALL MEN IN PEACE MOVE

AMERICAN BEAUTIES WIN PRAISE FROM BRITISH ART PHOTOGRAPHER

E. O. Hoppe, famous British camera artist, has selected Mrs. Angier B. Duke (left) and Miss Millicent M. Rogers (right), both of New York, as the most beautiful women in America. Hoppe, who spends his time in search of beautiful women to photograph, praises the American girl's poise, rhythmic movements and her instinct for dress.

HARDINGS LAND FIRST TARPONS

POINT ISABEL, Texas, Nov. 10.—Undaunted by his failure to land a big tarpon after a forty-minute struggle, President-elect Harding ventured out into the bay again today to try his luck once more.

G. O. P. PLANS PROBE OF ALLEGED CRAFT

WASHINGTON, Nov. 10.—House Republican leaders today planned further investigation of the charges of waste and corruption in the United States shipping board, made in a report by two investigators employed by the special house shipping investigating committee.

WIDOW SETTLES CASE TO PROTECT HUSBAND

LOS ANGELES, Nov. 10.—"I could not bear to see my husband's name dragged in the dirt any further," said Mrs. Lorin A. Handley's explanation today of why she settled out of court her legal controversy with Mrs. Elizabeth Lamb over the ownership of leases for two apartment buildings.

SHE WEIGHS 725, HE WEIGHS 155; THEY WED

John H. Hamilton, 27, and Alma Emily Seim, 27, were married today by Justice of the Peace John B. Cox. But that only tells half the tale. The now Mrs. John H. Hamilton weighs 725 pounds. Her husband weighs 155.

STEEL ORDERS SHOW DECREASE, REPORT

NEW YORK, Nov. 10.—Unfilled tonnage of the United States Steel Corporation decreased 537,952, it was announced today.

LAWYER SHOTS WIFE THEN KILLS HIMSELF

PORTLAND, Ore., Nov. 10.—S. C. Spencer, 55, well known Portland attorney, shot and perhaps fatally wounded his wife and then committed suicide at his home here today.

LEGION PROGRAM DETAILS SHAPED

Music, oratory and the presentation of Victory medals to ex-service men at Birch Park tomorrow afternoon and special shows at the Temple theater in the evening are included in the Armistice Day program to be given in Santa Ana under the auspices of Santa Ana Post No. 131, American Legion. Committees in charge of the various features were busy today closing up final details.

Fear Death Car Owner Slain HOLD BOY IN FAMILY DEATH PLOT

ATTEMPTS TO POLICE HAVE SLAY FIVE NEW CLUE IN CASE

Confession Links Son of Victims with Plan to Secure Estate

NORTON, Kan., Nov. 10.—Carl Johnson, 17, made an unsuccessful attempt last Tuesday night to murder an entire family of five at Almena, near here, according to charges filed in the district court here.

Lancaster Bandit May Have Murdered Missing Man; Officers Hold

LOS ANGELES, Nov. 10.—William H. McCabe, bandit, slain yesterday after killing Constable Glidden, of Lancaster, may have been responsible for another murder, it was indicated in a telegram today from Chief of Police White of San Francisco to Sheriff Cline here.

Urges Congress Move To Prevent Shortage of Houses

CHICAGO, Nov. 10.—Estimating that there will be five families for every four homes in 1925 unless building is speeded up in all parts of the United States, Wharton Clay, housing expert, today declared that congress must pass legislation to encourage building.

"38" BULLETINS

"The condition of several of the American flags on display in Santa Ana today is a disgrace," said Jesse Elliott, member of the Santa Ana committee, active in plans for tomorrow's Armistice Day program.

It was announced this afternoon that the funeral of Mrs. Nannie O'Bryan, who died this morning, would be held at 2:30 tomorrow afternoon from the chapel of Smith & Tuttle.

BLOOD IN AUTO MAY POINT TO SLAYING

LOS ANGELES, Nov. 10.—Police were confronted today by what they believed may develop into a murder mystery following the finding of a stolen automobile with the rear seat smeared with blood and a pool of blood on its floor.

ILLINOIS BANKER IS VICTIM OF MURDERER

MACON, Illinois, Nov. 10.—H. R. Woodcock, head of a Central Illinois bank, was found lying in a street here today with six bullet wounds near his heart and a revolver close by.

REAR ADMIRAL HOWARD DIES AT ANNAPOLIS

ANNAPOLIS, Nov. 10.—Rear Admiral Thomas B. Howard, retired, died suddenly in his home here today.

COLBY TO LEASE SOON ON S. AMERICA TRIP

WASHINGTON, Nov. 10.—Secretary of State Colby today announced that within two weeks he will leave Washington for a visit to South America. He expects to be away not more than five weeks, he said. His party will include naval and military attaches.

O'DOWD WHIPS SMITH NEW YORK, Nov. 10.—Mike O'Dowd earned the right for a return bout with Johnny Wilson, middleweight champion, last night when he won the decision from Jeff Smith in a fifteen round bout in Madison Square Garden.

The judges disagreed but the decision was given to the former champion by the referee.

OWNERS TO CONFER IN CHICAGO FRIDAY, HERMANN ANNOUNCES

KANSAS CITY, Nov. 10.—The five "loyal" American League club owners will join the eleven new National League club owners in a peace conference at Chicago Friday, it was announced here today by Garry Hermann.

Plans for reorganization of baseball will be drawn up at the Chicago meeting and the threatened war will probably be averted, baseball leaders here said.

"We are going to have peace in the very near future, that's my individual belief," Hermann said.

JAPS SLAY KOREANS IN ATTACKING SCHOOL

TOKIO, Nov. 10.—Twenty Koreans were killed and one mission and one native school destroyed by Japanese troops October 30, near Lung Tching Shun, Korea, according to a foreign office statement today.

S. F. GIRL'S DEATH PUZZLE TO POLICE

LONDON, Nov. 10.—Another European hotel mystery involving the death of an American woman by poisoning is under investigation in London. Mrs. Sarah Rout Wallace, 19, of San Francisco, died of mercurial poisoning.

John Kirkup, of Portland, Ore., who was living in the same hotel where the young woman resided with her mother, testified at the coroner's inquest that he had tablets of chloride of mercury in his traveling case, but that he had not been able to say whether any of the tablets were missing. He had the poison for use in treating a skin disease.

UNKNOWN BRITISH HERO WILL LIE IN GRAVE BESIDE RULERS

LONDON, Nov. 10.—Some mother's Other honors to which a field marshal is entitled were paid as the body of an unknown British hero was carried to the special train, which started immediately for London.

BANDIT TRIO TERRORIZES L. A. FOLK

LOS ANGELES, Nov. 10.—Three armed and masked bandits obtained almost \$300 and escaped in a stolen automobile shortly before noon today, after a daring raid on the Strook Doughnut factory in South Park avenue here.

SUSPECT IN BEACH AUTO THEFT JAILED

A complaint has been sworn to by J. E. Haskins, of Seal Beach, charging Emil Verges with the theft of a Ford car belonging to him. The theft is alleged to have taken place several weeks last, through the Automobile club of Southern California.

City and County

Miss Anna Rohde, Red Cross community nurse here, is to speak at the First Congregational Church Sunday evening in relation to her work here and in relation to the Red Cross membership roll call that begins on that day.

Miss Jeanette McFadden, librarian of the Public Library, stated today that the library would be closed tomorrow, Armistice Day.

Important matters concerning the Pilgrim's Pageant to be given in Santa Ana on December 2, are to be decided at a meeting of the pageant committee at the First Congregational church tonight.

A woman's black "rush coat" is in possession of City Marshal Sam Jernigan, awaiting a claimant. The garment was found under a platform at the Santa Fe depot, following the arrest of two "vags" who it is believed have stolen the coat in this city.

G. W. Wardwell, in charge of rodent control in Orange county, hasn't his tongue out for the "Gophers" of Orange county who are interested in a gathering to be held at Bixby Park, Long Beach, all day Saturday. Former residents of Minnesota from all parts of Southern California are expected to gather at the park for an "old acquaintance" social time. A basket dinner at noon will feature the picnic. Coffee will be served free and souvenir badges will be passed.

The dances given once a month under the auspices of Brea Post No. 151, American Legion, at Sewell Hall, Brea, are meeting with pronounced success, according to O. N. Thornton, adjutant of the post, who was a visitor in Santa Ana. The next "hop" is to be given Friday night. Big crowds are the rule at these affairs, Thornton said. A five-piece orchestra supplies the music.

Workmen have completed tearing down the walls of the old church building on West Second street, near Main, and today were tearing up the floors. This building was the pioneer home of the South Methodist church.

ANAHEIM PARADE
DETAILS ARE
COMPLETED

With the Santa Ana band leading, the Santa Ana division of the Armistice Day parade at Anaheim tomorrow forenoon will be a very creditable one. Mrs. E. E. Remsburg, sister of President-elect Warren G. Harding, and family, of this city, will occupy an automobile at the head of the division.

Among local organizations that will be represented in the division will be the G. A. R., Chamber of Commerce, Merchants' and Manufacturers' association, board of supervisors and other county officials, Automobile Trades association, city trustees, marching units of Santa Ana Post No. 131, American Legion, Co. F, navy recruiting station, W. R. C., Daughters of Veterans, Women's Auxiliary of the American Legion Post, Rotary Club, Kiwanis club and probably Elks' lodge.

The Santa Ana high school will enter a float and the glee clubs will be in the parade. The Chandler Furniture company has announced its intention of having a float in line. Captain A. E. Koppel, of Co. F, expects to have a full company out and urges that all members report at the armory by 8 o'clock tomorrow morning.

The Merchants' and Manufacturers' association has recommended to business men of the city that they close their places of business tomorrow and take part in the Santa Ana division or attend the exercises at Anaheim.

The committee in charge of the Santa Ana division has provided Santa Ana banners for windshields of cars. It is a poster with the American Legion emblem and bearing the words "Santa Ana." All automobilists intending to join in the division are asked to leave the lower half of the windshield of their cars free for the banner.

Members of the committee will be on hand at the assembling point to pass out the banners. The Santa Ana division will form on North Broadway, opposite the courthouse. Automobiles should be in line by 9:30, as it is intended to depart for Anaheim at that hour. The procession will move off on time if only half a dozen cars are in line.

The Anaheim committee has selected C. C. Chapman of Fullerton, Richard Melrose of Anaheim and Judge Z. B. West of Santa Ana as judges to make awards of the cups offered as prizes for various features of the parade.

Rev. James Allen Gissinger, pastor of White Temple Methodist church, Anaheim, will present victory medals at the barbecue, about 1 o'clock. At Anaheim the parade will proceed west on Broadway to Citron, north on Citron to Center, east on Center to the Santa Fe tracks, there to disband. No autos will be permitted on the streets through which the procession is to march.

Home-made candies at home-made prices. Nougats, fudges, creams. Lion Candy Kitchen, 211 West 4th.

Nov. 11th

Thursday is Armistice day. This store will be closed the entire day.

NEW DRIVE FOR MEN
TO MAN 'CALIFORNIA'
IS UNDER WAY HERE

W. Wheelock, a baker of the first class, who will be a member of the crew of the U. S. S. California, is now acting as assistant to Chief Gunner's Mate L. Pinkham in the navy recruiting office, room 224, Spurgeon building. Wheelock is an ex-army man and comes from San Diego.

Pinkham has been active in recruiting in this district and expects to spread his activities over a greater area, following Wheelock's arrival.

J. L. Duncan, 314 East Fourth street, has passed the tests and will have an opportunity to serve on the U. S. S. California.

Pinkham plans to have two cars in the big parade at Anaheim tomorrow. Both will be highly decorated and will bear banners advertising the recruiting station here and the need of men for the U. S. S. California. One of the cars will be entered by Pinkham and the other has been donated for the occasion by Miller & Monkhous, 316 West Fifth street, agents for the Elgin Six.

LAYMEN WILL TALK
AT MASS MEETING

Two laymen of the Episcopal church are to address a mass meeting of Episcopalians of Orange county tomorrow evening.

The meeting will be the third Episcopal county mass meeting held this year in furtherance of the nationwide campaign being conducted by the Episcopal church.

The speakers will be C. N. Burton of Pomona, executive secretary of the nationwide campaign committee for the Los Angeles diocese, and George M. Wiley of Highland Park.

NOTICE OF PUBLIC WORK
Notice is hereby given that at a meeting of the board of trustees of the City of Santa Ana, held in the council chamber of the City Hall in the City of Santa Ana, Orange County, California, on the 8th day of November, 1920, which date is also the date of the resolution, Resolution No. 678 was passed being a resolution by the said board of trustees, declaring it to be their intention to close the streets and alleys described as follows, to-wit:

Jumbo Street, from the East line of Main Street to the West line of Spurgeon Street; Bush Street, from the North line of East Santa Clara Avenue to the North line of said Santa Clara Avenue; and a certain alley 15 feet wide running North and South thru Blocks "A" and "C" of said Santa Clara Addition from the North line of said Santa Clara Avenue to the North line of said Santa Clara Addition; all as shown on the map of the Santa Clara Addition to the City of Santa Ana, recorded in Book 5, page 33, of Miscellaneous Maps, Records of Orange County, California.

Superintendent of Streets of the City of Santa Ana, Orange County, Calif.

PAVEMENT BROKEN
BY HEAVY TRUCK

E. B. Thomas, driving a three-and-a-half ton truck belonging to Mrs. A. E. Sterner of Placentia, came to grief last evening at the corner of Main and Walnut street. With an estimated weight, including truck, of 16,800 pounds, one of the rear wheels of the vehicle broke through the pavement and the machine was "hung up" until long after dark.

The machine was loaded with 7,400 pounds of well casing, according to estimates made by Street Superintendent W. W. Hoy, a 45-horsepower engine weighing about 2500 pounds and about 400 pounds of lumber. The truck weighs about 5700 pounds. In addition the truck was pulling a trailer loaded with complete oil drilling equipment.

Thomas was turning from Main west on Walnut when one of the wheels dropped through the pavement and halted his progress.

Officers made an investigation, but so far no complaint has been sworn out against the driver.

If Hoy's estimates are correct, the truck carried an overload of about 300 pounds.

Charles D. Swanner last night put the new Elk's drill team through its first paces. There are sixteen members in the team, most of whom are former service men.

Swanner reports that the "outfit" is shaping up nicely. These members who were not in service keep an eagle eye on their more experienced "buddies," with the result that the entire team keeps up satisfactorily with the stiff pace set by Swanner.

The team will be a very "snappy" one after it has drilled for about a month, according to Swanner, who is proud of the progress already made.

The drill period last night was from 7 till 8 o'clock. The team will meet every Tuesday evening.

WANTED—Young man not over 25, of good appearance, high school education, for Service Station operator, by large oil company. Big salary and splendid opportunity for right man. Phone 488. R. M. Price.

BOY, IT MUST HAVE
BEEN SOME MEDICINE

Percy Howe, of Anaheim, is certainly not a "Percy," officers declare. Howe, together with Nick Partz, also of Anaheim, got to "feelin' mean," principally, according to authorities, as the result of consuming a quantity of an 83 per cent alcoholic tincture of orange, widely sold for medicinal purposes.

Howe and Partz walked up to John H. Lang, of Los Angeles, who was standing on a street corner at Anaheim waiting to catch a bus, and started to "treat him rough," according to officers. They beat him and maimed him for the mere enjoyment of it, say the allegations. No robbery was attempted. Howe and Partz are said never to have set eyes on Lang before. They are said to be oil workers, but, officers say, they seem to do fairly well on just plain tincture of orange.

Police officers rushed to the scene and took Partz and Howe into custody. The pair then proceeded to do as much damage to the Anaheim city jail as possible. They tore up everything in sight.

Two charges were placed against them, one of battery, and the other of malicious mischief in destroying city property. They were sentenced to serve six months each in the county jail on each charge, making a year apiece for them.

"If he acts this way and calls himself 'Percy,'" said "Budge" Lacy as he entered Howe's name on the jail book, "I'd hate to see him if he decided to change his name to 'Bill' or 'Mike'."

GAS TRACTOR SHORT COURSE IS OFFERED

LODI, Nov. 10.—The gas tractor short course to be held by the Agricultural Engineering Division of the University of California at Lodi, November 15 to 20, is designed for four classes of farmers, it was said today at the university. The classes were given as follows:

1. The man who wants to learn the principles of the gas engine and tractor.
2. The man who wants to know more about the operation and repair of tractors.
3. The man who is considering the purchase of a tractor; and
4. The man who wishes to get up-to-date on tractor construction.

A large amount of practical information may be obtained during this course. The students will be busy from 8 a. m. until 5 p. m., and during the evenings attend tractor motion pictures and general agricultural lectures by experts from the College of Agriculture.

Taxi service, day or night. Crown Stage Co. Phone 925.

FOREST IS FOUND UNDERNEATH WATER

When the Government ship canal that connects Puget sound with Lake Washington was opened the waters of the lake were lowered twelve feet, says the Youth's Companion. While wire-dragging the lake, says a contributor, the United States Coast and Geodetic Survey discovered a submarine forest. The tops of the submerged trees were so close to the surface that they were a menace to

navigation. Under-water logging operations to clear the lake were therefore started. It is thought that the forest is prehistoric, a remnant of one that grew in the Lake Washington area in the days when it was dry land; or that great landslides in remote ages carried the trees into the lake. The trees were without branches and stood vertical, or nearly so; they were semi-petrified. The longest trunk removed was 121 feet 6 inches. The top, ten inches thick, rose to within four feet of the surface of the lake. The butt was 5 feet 6 inches in diameter, and the roots, firmly embedded in the bottom of the lake, had a twenty-foot spread. It was found 1500 feet from the shore.

Off the south end of Mercer Island in Lake Washington, nearly a hundred trees were destroyed. The clean-up gave a count of more than a hundred trunks during the first three months of 1920, off Manitou point the largest trunk in that area stood in 121 feet of water, 1100 feet long, with a five-inch top and a three-foot butt. Beginners' class meets Monday and Thursday at 7 p. m., at home of Mrs. Olive Lopez, 519 West Fifth. Terms \$4 for eight lessons, in advance. Think of "EXCELSIOR" when you want milk, cream and ice cream. Night School at McCormack's.

ARMY VS. NAVY IN BIG GRID BATTLE

PASADENA, Nov. 10.—Pasadena post of the American Legion will stage a great army and navy football game on the afternoon of Armistice Day, to be followed by a grand military ball in the evening at the Hotel Maryland. By arrangement with Los Angeles post the afternoon program will be centered in Pasadena at Tournament park, where the foot-

ball game will be played on the same field made famous by the Harvard-Oregon game of last New Year's Day. The Pasadena Armistice Day program is divided in three parts. In the morning there will be a great parade in which disabled veterans after riding in two Los Angeles parades, will take part. In the afternoon a picked team from the Pacific fleet will meet the army champions. Before this great game there will be an aerial sham battle and between the halves there will be a pushball game between teams of the California Institute of Technology and the Pasadena high school. In the evening reservations num-

bering more than 1000 have been made for the great military ball. The game will be attended by Admiral Rodman and eighteen other admirals and captains of the Pacific fleet while commanders and officers of the military posts of California will also be on hand. EIGHT-CENT CAR FARE CHICAGO, Nov. 10.—The Public Utilities commission sustained the 8-cent fare in Chicago and made it permanent. Valuation of the surface lines was fixed at \$159,113,114. The city fought the eight-cent rate and insisted the franchise rate of five cents be restored. Phone 237 for good Dairy Products

Here are the Facts the Public Should Read and Understand

It is no secret that the market prices of heavy Cottons, Silks and Woolens have tumbled. The time for readjustment of retail prices is here. We have decided to make that adjustment promptly and thoroughly, that our customers may have the full advantage of the savings.

The only question remaining is—have prices reached the bottom? For this season we firmly believe they have, and we state our reasons below, so that you may have the fullest confidence in the new prices which we announce today.

Prices are controlled by the natural law of supply and demand. After the Armistice in 1918, prices rose in response to demand and a world shortage of supplies of manufactured goods. Prices continued to rise until, during the Spring of this year certain economical factors including the high cost of living forced a marked reduction in demand. Customers stopped buying from retailers. Retailers cancelled their orders, forcing goods to accumulate on jobbers' hands. Jobbers closed their contracts with the mills. Mills cut down consumption of raw materials. Then something began to happen. The prices of raw materials began to tumble. Bills began to fall due, and bank wanted payment. There was only one way out, by the liquidation of stocks on hand, and to force the sale of these goods, prices had to be reduced.

It has been an orderly reduction. There has been no panic. Mills have been working on half time to prevent labor troubles and yet reduce the supply of merchandise until the surplus can be disposed of. This process of orderly liquidation has been going on for the past two or three months, and has now reached a point where the ruling prices quoted by jobbers are down to the cost of production. Further radical declines therefore are not likely unless a financial panic should develop, for further declines must come out of the wages of labor to reduce the cost of production. Anyone who knows the temper of the American Labor Union realizes that this will be a more gradual process, as the general cost of living declines.

One factor in the readjustment of retail prices must not be overlooked: while wholesale prices are said to have declined from 20% to 50%, this decline has taken place from the PEAK OF THE MARKET. Very few merchants own any considerable portion of their stocks bought at the top prices quoted last Spring. Therefore, it cannot be expected that retail prices generally will be reduced in any such proportion. Only those lines affected, and only such stock as was bought at top prices will show radical reductions. In fact, some lines will show no reductions, such as fine white goods, fine lisle full-fashioned hosiery, kid gloves, celluloid toilet goods, imported laces and embroideries, etc. In all such lines there is still a shortage, and the excess of demand over supply has stabilized prices at their present level.

We give this explanation so that you may know the reasons for this readjustment, and may have confidence in the prices we have named, and the merchandise which we offer.

Respectfully yours,

RANKIN DRY GOODS CO.

Silks, Woolens, Cotton Fabrics, Domestics

1000 Yards of Crepe de Chine

All-silk crepe de chine, 40 inches wide; in black, white, flesh and 24 of the season's choicest colors—an exceptionally fortunate purchase—should sell for at least

\$1.25

SATIN MESSALINE—36 inches wide; fifteen choice colors for evening and street dresses; a special lot priced to close out; regularly \$2.25, per yard

\$1.65

SILK PLAIDS AND STRIPES—Satin and Taffeta and Plaid Silks; 36 inches wide; twenty different patterns; all colorings; regularly \$3.00, per yard

\$1.95

SILK SHIRTING—36 and 40 inches wide; Crepe de Chine, Wash Silks, Silk Broadcloth, Habutai Silk, etc.; ten Fall shades; regularly \$3.25, per yard

\$2.25

WASH SATIN—36 inches wide; comes in flesh and white only; for lingerie, gowns, etc.; offered while a limited amount lasts, regularly \$1.60, per yard

95c

SILK COSTUME VELVET—36 inches wide; comes in ten choice shades, Taupe, African, Russian, Burgundy, Wisteria, Copen, etc.; regularly \$5.50, per yard

\$3.95

WOOL PLAIDS—48 to 56 inches wide; in black, white and 15 other color combinations; very choice Fall plaids; all new; regularly up to \$8.00, yard

\$4.50

Cotton Dress Fabrics

HALF SILK SHIRTINGS—32 inches wide; in blues and tans in light and dark; woven stripes; regularly \$2.85, special, yard

\$1.75

SILK STRIPE SHIRTING—32 inches wide; dark and light grounds with stripes; regularly \$1.75, special, yard

\$1.35

KIMONA SILKS—in floral patterns showing new high colors; 36 inches wide; regularly to \$2.90, special, yd.

\$1.95

KIDIE CLOTH—32 inches wide; the genuine Kidie Cloth, in plain colors, also stripes on dark grounds; new goods just in, yard

50c

PERCALES—36 inches wide; heavy weight; many new patterns for Christmas use; light grounds in stripes and figures, etc.; formerly 50c, adjusted to

GOOD EVENING.
Not for success alone. Not to
failures interrupted always.
The storm shall dash thy face,
the foam shall cover thee all
over. But thou shalt face thy for-
tunes and surmount them all.
—Walt Whitman.

OUR RIVER PROBLEM
The Santa Ana river furnishes
Orange county with an unrivaled
problem.
It is a problem that we face acutely
in years when the river brings
down a flood upon us. The stream
inevitably finds the weak spots in
the channel.
Always, after a winter in which
extensive damage has been done, we
hold mass meetings and many con-
ferences, and vow that something
must be done toward harnessing the
river.

Localized efforts have brought
local results. Some fourteen or fif-
teen years ago the Newbert Protec-
tion district was organized. In 1916,
following flood damage, the Garden
Grove and the Olive-West Orange
sections took steps to keep the river
from tearing into their lands.
There remains, however, a great
deal that has not been done. Several
miles of river bank—if one may
apply the word "bank" to the edges
of a channel that is little lower, if
any, than the adjacent farming lands
—have not been touched with any
systematic protective work. A flood
such as we experienced in January,
1917, as the channel is today, would
inevitably do a great deal of dam-
age. Among the properties that
would be threatened are the county
farm and hospital.

Efforts to organize a river control
district of the three counties—San
Bernardino, Riverside and Orange—
through which the Santa Ana river
runs, have failed. The reason for
failure was that many water users
became convinced that the plan of-
fered, if carried out, would jeopar-
dize their water rights and water
supply. These water users took the
ground that the storage of vast
quantities of water in the upper
basins of the Santa Ana river would
prevent the filling of the great un-
derground reservoirs from which
they get their supply.
The decision against the organiza-
tion of a tri-county conservation
district under state law was based
upon irrigation interests, and was
reached after advice had been re-
ceived from attorneys and engineers.

While a good deal has been done
and a good deal will be done in
water conservation, by the spreading
of excess water on waste places, the
great problem of taking care of the
Santa Ana river from the source to
the sea in a comprehensive way re-
mains unsolved. There is still hope
that in the end it will be solved
through federal aid, but federal aid
in this matter is a very uncertain
quantity.
With the organization of a con-
servation district for the three counties
an improbability, even if it is not
an impossibility, this county has a
problem that it must face alone and
solve alone. The situation for us to-
day is not materially different from
what it was after the flood of 1916.
In years of excessive rainfall, the
Santa Ana river is going to carry
a stream that under present condi-
tions is almost certain to be de-
structive.

It is up to us to secure an organi-
zation of districts to provide an ade-
quate channel for the river every
foot of the way from the point where
it enters the Santa Ana valley at
the mouth of the Santa Ana canyon
to the outlet into the ocean at the
foot of the Newbert channel.

CLEAN DISHES
INVESTIGATION made by army
officials in the flu epidemic,
which wiped out more of our sol-
diers than fighting, proved that
three times as many persons died
where the old method of washing
dishes by hand was used, as died
where dishes were washed by ma-
chinery, all other conditions being
similar.
One of the health problems which
confronts the modern housewife is
how to secure the same cleanliness
in dishes washed by hand as is ob-
tained when they are washed in a
dishwashing machine.
Since it is not practical for every
household to install dishwashing
machinery the hand process must
be made to secure the same results
as nearly as possible, and it must
be remembered that what looks
clean to the eye is not necessarily
free from germs. Dishes and silver
set those two words.

cannot be injured by boiling, and
they can be sterilized perfectly. The
same thing holds true for all cloths
used to wash or dry dishes.
Flu may not rage this year, or
ever again, but it is not the only
communicable disease that flesh is
heir to, and those responsible for
washing the dishes should be im-
pressed with the necessity for mak-
ing them germ clean as well as clean
looking.

It was always the other fellow
that was doing the profiteering, and
now it's the other fellow that ought
to be lowering his prices.

NURSES NEEDED
MORE NURSES training courses
are needed all over America.
There should be the same wide-
spread opportunity for short, intensive
training as fitted thousands in a
brief period to serve competently
during the war. Pay while learning
would make it possible for many
more women to undertake training.
The technical high school might
well include nursing along with do-
mestic science and cookery. Edu-
cating the public to a proper con-
ception of nursing so that it may at-
tract those who seek a lofty profes-
sion, and that they in turn may be
assured fair recompense in money,
co-operation and regard, would be
helpful also in increasing the roll of
nurses.

A valuable work is being done in
Santa Ana along this line by Miss
Rohde, the Red Cross nurse. She
is teaching two classes of girls at
the Junior high school, giving them
instruction in home nursing. These
classes are valuable not only be-
cause of the actual knowledge im-
parted to the girls but also because
it will open the eyes of some of
them to the possibilities for them
that there is in the profession of
nursing.

The public needs nurses, just as it
needs teachers; more than it needs
policemen.

Does Selfishness Rule?
—Stockton Record
It is a strange world, masters. Ev-
erybody is bent on getting higher
wages, a bigger salary, more money
for his product and for himself, yet
a short time ago the voters of Stock-
ton, representing all the above in-
terests, refused to give their mayor
and commissioners an increased sal-
ary and now the people of California
have refused to pay their supreme
and appellate judges a fitting salary.
These men are lawyers of ability.
In private practice they could earn
\$25,000 a year or more. Yet for serv-
ing the great and wealthy state of
California they are paid a maximum
salary of \$10,000 a year.
Locally, we are willing to vote al-
most any sum for public improve-
ments, but not a dollar to improve
the condition of the men who ad-
minister our public affairs and spend
the money we have voted. After all
plain because municipal affairs are
not administered and public work
done as well and expeditiously as
we think it should be. We talk glibly
of "cheap men" after doing all in
our power to keep them cheap.
It is unpleasant to believe that
the ruling spirit of the world is
selfishness, but the facts contained
in the first paragraph lead to this
sad conclusion.

The Kind We Want
—San Bernardino Sun
Opinion is expressed by the Ital-
ian Ambassador that in the next
three years 500,000 Italians will em-
igrate to the United States. The num-
ber does not disturb us in the least.
The United States can absorb that
number of immigrants, provided they
are of the proper sort.
The United States wants immi-
grants who have been good citizens
in their own country—who have been
law-abiding and thrifty. It wants im-
migrants who have learned to read
and write their native language, so
that they may the more readily learn
to read and write the English lan-
guage and more rapidly become fam-
iliar with American institutions. The
United States wants immigrants who
are in sound health, physically and
mentally, and who will not become
a public charge. And in addition to
these specifications, the United States
wants immigrants who intend to
renounce their former citizenship and
become true and loyal citizens of
America.
Unless all of these conditions are
fulfilled, the immigrants are not de-
sired, whether they be five in num-
ber of 500,000. It is not likely that
half a million Italians will come to
America in the next three years, but
assuming that the estimate is fairly
correct, we should take every pre-
caution to see that none of the un-
desirable sort gets into this coun-
try.

Two Words to Forget
—Stockton Record
Let us all, in the newspapers and
elsewhere, stop talking about small-
pox as the "dread" disease. It is
not any more to be dreaded than a
half dozen other diseases that might
be mentioned and its after effects are
far from being as distressing as
those that follow some maladies
which we look upon lightly as "child-
ren's diseases."
The point is that we build up fear
in the patient and in the community
with that word "dread" and fear is
not an essential to curbing small-
pox or any other contagious disease.
Complete isolation and cheerful good
sense are needed, but there is no
occasion to be frightened in these
days of medical science and sani-
tary living conditions—and fright re-
tards the patient's recovery.
Let us lay "dread" away with
that other horrible word, "pest-
house." Even a pesthouse is not
nowadays, so bad as it is painted
in the impression given by that ar-
chaic word. It is apt to be the most
sanitary place in the community un-
der modern conditions. Let us for-
get those two words.

There's an old geezer living in my town today, who's lived eighty years
roundabout, so they say; he remembers when hen's eggs were given away—
in this quaint little town. He is dried up and wrinkled and scarred with his
years, but nothing can worry him, so it appears; at the high cost of living, he
giggles and jeers—and says 'twill come down. He waits for his pension each
month to arrive; and that, so they tell me, just keeps him alive, and everyone
wonders how he can contrive—in these strenuous days, to make both ends
meet and not worry and fret, and how he can manage to keep out of debt, and
still keep lingering on with us yet—through mysterious ways.
His nephew is making two hundred a week, which is known as a fairly
good wage, so to speak, but somewhere, somehow, there must be a leak—
for he's broke all the time. One day he was telling his troubles to unk, who
showed him the way he was living was bunk—then brought out the money
which near filled a trunk—he'd saved in his prime. Said he, "When I
worked for a dollar a day, I used to put seventy-five cents away and I never
just a quarter for clothing and play—and was always content. I never
played ponies or gambled or drank; I never sought pleasure in being a tank;
I much preferred putting my coin in the bank—every possible cent.
Did the nephew think well of the uncle's advice? Did he cut out
cheroots and deposit the price in a savings bank? No. He still stuck to the
dice—never saving his dough.
The high cost of living is awful, we know, but high wages give people
money to blow. Are we happier now than when wages were low?—I'll be
damned if I know.

Foreign Built Americans
—New York News
The first Americans were Europeans. They were such good Americans
that they have supplied a model for Americanism for 300 years.
All Americans who come from Europe are not of the same stuff that
these Pilgrims were, but all of them ought to be.
They can be if they are taken in hand when they arrive and taught a
few things.
The man or woman who leaves Europe to come to America has at
least enterprise and independence. That is a great deal.
They usually have also a craving for liberty.
Catch these people in time, make them understand that this is a coun-
try of equal opportunity, and that if they work instead of loaf they will at-
tain the blessings for which they came, they will become the best kind of
Americans.
The Pilgrims had to work, and they had to fight Indians to secure the
peace in which to work. They had no time to cuss the government, even
if there had been a government to cuss.
Conditions made them good citizens. Education and work will make
the immigrants of today good Americans. And it cannot be started too
early.

Worth While Verses
THE SWALLOW'S SONG
Sweetheart, I sing to you out of the day;
Sweetheart, I sing of the rosecream of May.
Sweetheart, my nest mate,
I sing to you, dear—
Love, live forever,
And life know its cheer.
Sweetheart, I sing to you over the trees;
Sweetheart, I swing to you one with the breeze,
Sweetheart, my comrade,
I sing to you, mate—
The rose deck your window,
The lilac your gate.
Sweetheart, I sing to you out of my love;
Sweetheart, the blue skies are singing above;
Sweetheart, my true one,
I sing to you now
Out of the brown nest
That swings on the bough.
—Folger McKensy in Pasadena Star.

TODAY'S TALK
By George Matthew Adams
BEGINNING AT THE END.
"Turn, boys, turn—we're going back!" These were the words of
General Phil Sheridan—which made him immortal. For he turned defeat
into victory at one of the important battles of the American Civil War.
Riding at top speed, he caught up with his retreating soldiers and by
his magnetic personality and driving determination, changed and made a
great day in history.
Sheridan began—at the end—and won!
They told Harriman that a railroad could not be built across the great
Salt Lake. "All right, go ahead and DO it!" was his reply.
"All hope is lost now," cried the sailors with Columbus, after days and
days with no land in sight. But the only reply of Columbus was: "Sail on,
and on—and on!" At the end, he began—and a new world was born to
make his name deathless.
The time to give up is never when everything looks black and hopeless.
That is the time to begin!
This is the story of nearly every great success—beginning again and
again, after the end was reached.
Kathleen Norris had one of her first books rejected more than a hun-
dred times—had then it was accepted. And so well did people like it that
seen she became one of the greatest writers of fiction in America. She
began at what would have been the end of most folks' careers. Such in-
stances make up the record of the world.
If you are at the end of everything, rest a bit, think a lot—then begin!

The Hero of Liege
Riverside Press
How many people, whose eyes
stung with tears at the accounts
of the Belgian defense of Liege
in the early days of the war,
either saw or heard the obscure
news items which chronicled the
recent death in Liege of General
Leman, who led that famous de-
fense?
It was at Liege that the Ger-
man hordes received the first
great check to their progress, a
check so little in accordance
with their preconceived notions
and plans that the wonder of it
remains with them still. Gener-
al Leman was governor of the
city at that time. Promptly he
changed his civilian garb for
that of the soldier and led his
fellow citizens in a stand of su-
preme courage and mighty im-
portance. It was the delay at
Liege which gave the allies time
to mass troops and supplies re-
sulting in the first great German
defeat at the Marne, and which
altered irrevocably the whole
course of the German plan for
conquest.
It seems only fitting that citi-
zens of nations already reaping
the benefits of these acts of
heroism and selflessness should
pause long enough to pay a tri-
bute of respect to the heroes as
they pass, and to consider
whether the peace that they are
arranging is one which shall en-
dure, and is in keeping with the
sacrifices which were its price.

Facts About the Flag
The flag of a nation is the
emblem of that nation. The
American flag is raised every
day over the White House, ev-
ery executive department build-
ing, each of the two houses of
Congress, and all government
buildings in Washington City,
the nation's capital. It also
floats from all state and federal
buildings throughout the United
States, and on the ships of the
navy and army and all
American embassies, legations
and consulates all over the
world.
General George Washington
raised the first American flag
on January 2, 1776, at Cam-
bridge, Mass., when he took
command of the American army
to fight the British. This flag
had seven red and six white
stripes, and the British crosses
in the blue field where the
stripes now are. In the next year,
by order of the Continental
Congress, the British emblem
was replaced by the white stars
in the blue field. In 1794 the
number of stars and stripes was
changed to fifteen each, after
Vermont and Kentucky became
states. In 1818 Congress restor-
ed the original thirteen stripes
to represent the thirteen origi-
nal states and decided that
there should be one new star
added on July 4 of any year for
each new state admitted during
the preceding year. There are
now forty-eight stars in the
flag, representing the forty-
eight states of the Union. Our
flag is called the Stars and
Stripes; the stars represent our
present growth, while the stripes
refer to America's history. The
blue in the flag represents loy-
alty, which is the foundation up-
on which our country is built.
The states rest upon this foun-
dation of loyalty as truly as the
white stars rest on the blue
foundation.
Betsy Ross, the daughter of
an American patriot, made the
first flag for our country and
designed the star. Her home,
on Arch street in Philadelphia,
where she made the flag, still
stands and is carefully preserv-
ed as the birthplace of the Amer-
ican flag.

Why It Is Not Recognized
Bakersfield Californian
A number of persons seem to
fail to understand why the
United States and most of the
other governments of the world
refuse to recognize soviet Rus-
sia. There is no mystery in
this, if one will stop to think it
over for a moment. Russia as
now constituted is against every
existing form of government,
therefore the enemy of the civ-
ilization of this era. It is not
usual to take enemies into the
family, whether that family be
official or otherwise.
A writer who has made a close
study of the entire situation
makes a summary of the situa-
tion, as follows:
"The whole conception of
property rights, and the laws
and government based upon
them, has been reversed in so-
viet Russia. The world does
not like this idea; it does not
want this idea; it thinks it has
discovered as a result of what
has happened in Russia that
this idea would be bad for the
world; that it does not make for
happiness, but misery.
"That is why the American
government refuses to do busi-
ness with soviet Russia. Rep-
resentative government has
nothing to do with the matter.
The American government can
do business with Persia, Afghan-
istan, or any other nation under
the sun in spite of their forms of
government, provided there be a
basis of agreement that the
status of things as they have
been built up in past centuries
of civilization shall not be
changed. The United States
got along with every nation in
the world when it was the only
republic in the world."

The New Congress
San Francisco Chronicle
Aside from our foreign relations,
in which the President and Senate
will be paramount, the coming Con-
gress will be faced with a great mass
of difficult problems.
One is the revision of our present
scheme of taxation, which all re-
cognize to be unjust in incidence and
what some will consider worse, de-
structive of business. The present
taxes do not rest where they are
cast, but are passed on, with suc-
cessive profits, to the mass of the
people. None now dispute this, but
for the last two years there has been
no possibility of agreement upon
any other method. There is no
doubt that the new Congress will
transfer some part of the taxation
to duties on imports.
Another matter is the reduction
of expenditures. That involves a
fight with every executive depart-
ment, every one of which is trying
to expand instead of retrench. And
the departments are always well en-
trenched in Congress, regardless of
which party is in control. The de-
partment heads, however, are really
creatures of the President, so far
as he desires to make them so, al-
though it is assumed that President
Harding will surround himself with
strong men who will reach a consen-
sus of opinion with the President
and do teamwork to carry the
agreed policy in Congress.
The reorganization of the execu-
tive departments has become im-
perative and the introduction of busi-
ness methods. The people have en-
dured the duplication and waste of
the Federal Government because
Federal taxation was negligible and
nobody bothered himself. With the
taxation which for many years can-
not be avoided the people will make
trouble if waste continues.
Other matters are the develop-
ment of Alaska, the management of
the public domain, co-operation with
states in reclamation and many other
matters, most of them involving
more or less radical changes or pro-
posals for change, so that Congress
has its work cut out. There is,
however, a President and a large
working majority of both houses of
Congress in political harmony, which
will make action possible, and with
party control there comes party re-
sponsibility.

Afternoon of Bridge With Mrs. Briggs

A beautiful bridge luncheon was given by Mrs. George Briggs, on North Broadway yesterday, at one o'clock. Three courses were served to twenty-four guests, seated at small tables, prettily decorated with yellow chrysanthemums, and fern bouquets, with tiny canaries, nestled amongst them. At the end of the bridge game, prizes were awarded to the following ladies: First to Mrs. Addie M. Collins; second to Miss Rosa L. Boyd, and the consolation went to Mrs. J. C. Metzgar.

Mrs. Briggs will entertain another group of friends on Friday afternoon.

For Visiting Missionaries
Mr. and Mrs. Frank V. Stipp, returned Missionaries from Loag, Philippine Islands, will be with the C. W. B. M. in the Community house, at the First Christian church, this afternoon.

Mrs. Stipp will be remembered as Miss Myrtle Wilson, a former school teacher of Santa Ana. The meeting will be followed by a reception, that the friends of Mr. and Mrs. Stipp, may have an opportunity to visit them. A most cordial invitation is extended to all who are interested in Missions.

Philathea Class Meeting
At her home, 829 North Van Ness street, Miss Bertha Bates was hostess to about twenty members of the Philathea class of the First Baptist church. Decorations were used in orange, brown and black, expressive of Halloween sentiment. After a short business meeting, the evening was spent in games, the hosts being assisted by Misses Edythe Watkins and Minnie Woodard. Orange and chocolate ice cream was served with white cake. The next monthly meeting will be held with Mrs. Harry Wagers, at Anaheim, date to be given later.

Dinner Guests
Mr. and Mrs. J. Fred Parsons entertained a number of their friends Monday evening, at their home, to a delightful dinner, honoring Mrs. John Cole, sister of Mrs. Frank Remsburg, a winter visitor here. Pretty table decorations were used, and six couples spent a pleasant evening, of cards, after dinner.

W. R. C.
The Woman's Relief Corps will hold their monthly meeting on Friday afternoon, in the G. A. R. Hall. The hostess promises good refreshments, and lots of entertainment. Mr. and Mrs. Fisher, Evangelists, will render a musical program, assisted by Mr. McOlesky. The public is invited.

Will Attend Banquet
Mrs. Olive Lopez went to Los Angeles this afternoon to attend a celebration and banquet this evening in honor of the founding of the Women's Benefit Association, Ladies of the Maccabees. Mrs. Lopez will respond to the toast, "The Birth of the Order." She was a charter member of Los Angeles Hive, No. 1, the first to be instituted in California.

Mrs. Lopez will spend the time with her friend, Mrs. Hattie E. Walker, and her daughter and son-in-law, Mr. and Mrs. James A. Manwaring of Hollywood and will return Thursday.

Miss Carden's Matinee Tea
Miss Helen Carden, of this city, who is attending school in Los Angeles, was hostess at a matinee party at the Morisco Theater last Saturday, followed by a tea at the Mary Louise. The table was set for twelve in the Chinese room and a Chinese bowl filled with Orpelia and Columbia roses centered the board. Chinese figures and hand-painted Chinese place cards were also used in the adornment. Mrs. L. J. Carden, Miss Carden's mother, and Mrs. B. Dinn assisted.

Men's Bible Class
The Young Men's Bible Class of the Spurgeon Memorial Sunday school will hold their regular monthly social and business meeting Wednesday evening at the home of Mr. Floyd Mortimore 1318 E. 3rd. Each member of the class and their friends are asked to be at the church at 7 o'clock and go with the crowd. Bring some new member with you, as our motto is to help the other fellow.

ONLY LITTLE WOMEN.

Only little women know what hunger life can bear. What yearning for the pleasantness beyond the daily care. What passion for the glowing things, the bubble and the play—

Only little women know who've never had their way. I count the average sorrow less than nothing in its line. Beside the hunger of a heart that aches for the divine—

When only through its every day of toil and waiting come the usual and the common things that strike the spirit dumb.

Only little women know, who through their patient eyes gazed for years on rain-bow hopes to brighten average skies; And only they can know and feel what lonely moments bring

When they bethink the awful thing that binds them to a king. That should have been the kind of man life picks to be a king.

—Pasadena Star-News.

Music Section of the Ebell
The Music Section of the Ebell club met at the home of Mrs. T. A. Winbigler, 207 East Ninth street, yesterday. Study of the opera "Mignon" was taken up by the club, and the program which had been prepared, proved of unusual educational value, as well as affording much pleasure to all.

Mrs. G. V. Linenbald, who was in charge of the program, gave an analysis of the opera, while Mr. Linenbald played the overture on the piano; bringing out beautiful orchestral effects, and all the familiar melodies were artistically rendered. This was followed by a reading by Mrs. John Clarkson, of Goethe's poem, "Knowest Thou the Land." It was through this beautiful poem that Thomas, composer of "Mignon," was inspired to write the opera.

A duet of equal beauty was given by Mrs. Sammis and Mr. Robert J. Brown. The Swallow. Many beautiful voice and violin numbers were played on the "Victrola" in closing the program. Plans were made for a Christmas program to be given at the county hospital.

16 INCH SNOW PACK
NOW COVERS SIERRAS
SAN FRANCISCO, Nov. 10.—The snow pack in the Sierra Nevada mountains was said to be over sixteen inches by the United States weather bureau, and the results on exhausted water sources was said to be gratifying. Heavy snow precipitation was experienced at many points in the mountains yesterday, although there was no rainfall in the state, the bureau reported. The official forecast was for clearing weather in Northern California and threatening and showery weather in Southern California tonight and tomorrow.

BRITISH HOSPITALS
IN NEED OF FUNDS
LONDON, Nov. 10.—The House of Commons took up the second reading of the public health bill, which includes housing matters and the proposal for appropriations in support of hospitals. The hospitals are known to be in desperate need of funds. The announcement is made that one of the great London hospitals must close in January because of lack of funds.

ARCTIC EXPLORER'S
DOCUMENTS STOLEN
LONDON, Nov. 10.—Valuable documents and diaries belonging to Capt. Roald Amundsen, the Arctic explorer, were stolen from Captain Hansen of Amundsen's steamer Maude, according to a Christiania dispatch to the Exchange Telegraph. Three arrests have been made, but there is no prospect of recovering the stolen documents, the dispatch adds.

WILSON, COX LIFE
MEMBERS OF CLUB
NEW YORK, Nov. 10.—The National Democratic club, at a meeting of the board of governors, elected President Wilson and Governor Cox honorary life members, "for conspicuous services rendered to the world." This election is the first of its kind since that of Grover Cleveland.

ASPIRIN
Name "Bayer" on Genuine

Book Review Club
Meeting in Tustin

The regular meeting of the Book Review club was held at the home of Mr. and Mrs. E. M. Nealley, November 9, Mrs. T. E. Stephenson most delightfully reviewed the life and work of Mrs. Humphrey Ward, whose death occurred in 1919.

Mrs. Stephenson, first traced the characteristic features of Mrs. Ward's books to her early life and education. A granddaughter of Thomas Arnold of Rugby, and a niece of Matthew Arnold, Mrs. Ward had been surrounded by an atmosphere of bookishness and by a familiarity with books which is apparent in her own writings. Her father, reverting from scholasticism, had moved of Tasmania where he was in charge of the educational work in that country at the time of her birth and Mrs. Ward was familiar from childhood, with the religious controversies of the period. These find expression in her two novels of religious controversy, Richard Meynell and Robert Elsmere. After leaving Tasmania, Mrs. Ward became familiar with the country of Westmoreland, whose scenery and life form the background of several of her novels and later, at the age of she met George Eliot, Walter Pater, Swinburne and many other whose influence is reflected in her work.

One of the strong characteristics of Mrs. Ward's books is the seriousness of purpose—none of them are written to amuse but all are designed to teach some lesson or correct some evil.

Roosevelt P. T. A.

Monthly Meeting

The P. T. A. meeting held yesterday at Roosevelt school in the Kindergarten Building proved very interesting.

Program numbers were alternated with reports of chairmen of the different committees.

The girls of the Fourth Grade sang a double number: "When Night is Falling" and "The Shell." Recitation, "Children's Hour" given by Florine Berges, and a piano solo by Lois Winslow, were both well rendered.

A full report was given by Mrs. Fred Taylor on the all-day session of the Congress of Mothers, which was held at Placencia on Oct. 9. At a round table discussion it was decided to hold the P. T. A. meetings as usual, on the first Tuesday of each month.

"Backwards" Party
A very unique and enjoyable evening party was given last evening, at the home of the Misses Liebermann, 612 French street, by the Young Ladies Sodality of St. Joseph's Catholic church. All members appeared in absurd costumes, wearing the garments backwards instead of in the usual manner. Indoor football and snipe races were indulged in by the young ladies, proving a source of much laughter and innocent fun.

Seventeen of the girls were present. Refreshments of tamales and coffee were served by the hostesses.

Enroll in O. C. B. C. night school.

DANDERINE

Stops Hair Coming Out; Thickens, Beautifies.

A few cents buys "Dandierine." After a few applications you cannot find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and abundance.—Adv.

PERSONALS

H. R. Oswell left Monday night for Roseville, California.

Miss Elizabeth Benton, sister of Rev. W. L. H. Benton, who has been visiting here for some weeks, will leave today for Pittsburgh, Penna. V. L. Blodgett has returned to Santa Ana to reside, after an absence of about two years. He has been engaged in the hardware business at Burbank, and closed up a sale of his business there last Friday.

Mrs. R. M. Chesnut, of Seattle, Wash., is expected to arrive in this city, on Saturday, for a visit with her parents, Mr. and Mrs. George McPhee, at 600 West Fifth street.

Friends of F. A. Rogers, agent here for the Pacific Mutual Life Insurance Co., will be grieved to learn of his critical illness, at his home in the Meyer Apartment Hotel.

The many friends of Mrs. Alice Bouchev will be glad to know that she is steadily improving, since her removal from the Community hospital, following an operation.

Dr. Peryl Magill has returned to her office, after a week's outing with a party of friends at Big Bear. They witnessed a beautiful snow storm while in the mountains, and report a fine trip.

Miss Cassie Seay, of McKinney, Texas, is the house guest of her cousin, Mrs. George S. Briggs, this week.

HOTELS MAY REDUCE
BRIDAL SUITE PRICE

NEW YORK, Nov. 10.—Edward M. Tierney, chairman of the committee in charge of the National Hotel Men's Exposition, recommended that hoteliers cut the price of bridal suites to encourage matrimony and as a part of the general price cutting program.

The hotel men will partake this week of a 25-cent meal prepared by the chef at the Ellis Island Immigration station as a challenge to their skepticism that a repeat for such a sum could be concocted and still show a profit.

\$40,000 FILM MADE
AS LEAGUE BOOSTER

ALBANY, N. Y., Nov. 10.—Bernard M. Baruch of New York spent \$40,000 for the production of a motion picture in support of the Democratic party and the League of Nations in the election a week ago, he notified the secretary of state today.

Mr. Baruch wrote that he was a candidate for a public office in the recent election, and was not certain that the law required him to file a personal campaign statement, adding that he was doing so to meet the requirements of the law if they covered expenditures similar to his.

"Tom Wye" Knit Coats

WARM, serviceable, practical knit coats, preferred by many California men for wear underneath suit coat, instead of wearing an overcoat. They make dandy house coats, too.

We offer the "Tom Wye," Thermo and Bradley knit coats in a fine spring needle weave; they button down the front; the convenient pockets are a good feature; have no collars.

We can assure any man of any size a good fit, as we have all sizes up to 46. And the price will not give you heart failure, either.

"They Wear Better"

Cohn-Goldwater Co., (Makers)
Los Angeles

50 Years Ago

a young man who practiced medicine in a rural district became famous and was called in consultation in many towns and cities because of his success in the treatment of disease. He finally made up his mind to place some of his treatments before the entire United States and, moving to Buffalo, he put up what he called his Favorite Prescription, and placed it with the druggists in every state in the Union.

That was fifty years ago. For fifty years this Favorite Prescription of Dr. Pierce's has sold more largely throughout the United States than any other medicine of like character. It's the testimony of thousands of women that it has benefited or entirely eradicated such distressing ailments as women are prone to.

For over fifty years some of Dr. Pierce's home medicines have been selling over the drug counters, so that more than forty-eight million bottles have been sold during that time. This speaks well for the reliability and value of Dr. Pierce's standard home remedies. Dr. Pierce's Golden Medical Discovery is a blood tonic and strength-builder which contains no alcohol, yet has tonic qualities that have endeared it to the American public. Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap, have long been considered a reliable vegetable laxative, in the same way that Dr. Pierce's Favorite Prescription has long been recognized as a tonic for diseases peculiar to womanhood. More recently that wonderful discovery of Dr. Pierce's—namely, Anuric (anti-uric-acid), has been successfully used by many thousands of people who write Dr. Pierce in unqualified terms of the benefits received—that their backache and other symptoms of kidney trouble have been completely conquered by the use of Anuric.

EXPECTS TO GET TWO NEW MAIL CARRIERS

Postmaster C. D. Overshiner believes that as the result of an inspection of carrier routes, to be made next week, two additional city mail carriers will be allowed the Santa Ana post office.

"The rapid growth of Santa Ana during the past year has resulted in adding greatly to the work of mail carriers," said Postmaster Overshiner today. "Oftentimes the service has been unsatisfactory, but conditions were such that it could not be otherwise. Especially on Mondays and after holidays, the carriers go out heavily loaded with mail and deliveries are necessarily slow. We have also had trouble in getting competent substitute carriers."

This week city carriers are keeping accurate reports on the amount of mail they carry. These reports will be forwarded to Inspector Jarvis. It is believed that Jarvis will be here next week to go over the routes, and make a report and recommendations on conditions here. Overshiner is of the opinion that Jarvis will recommend that the post office be allowed two additional carriers. Jarvis' report will be sent to Washington, D. C., where final decision will be reached as to whether or not more help will be given the local office. Overshiner hopes that carrier service can be extended to districts not now served.

"I am hoping that we can have the new carriers before the Christmas rush," said Overshiner.

At 7½ cents per mile, 5 people can travel for less than bus, train or street car fare, not to say anything about the added conveniences and comfort in going and coming when and where others don't go. When taking your next day's outing, remember Copson rents cars without drivers.

Box Social at the Woodman Hall, Saturday, Nov. 13, given by the members of the First Spiritual Church. Everybody welcome. Ladies, bring your lunch boxes.

"They WORK while you sleep"

Take one or two Cascarets occasionally to keep your liver and bowels active. When bilious, constipated, headachy, unstrung or for a cold, upset stomach, or bad breath, nothing acts so nicely as Cascarets. Children love them too. 10, 25, 50 cents.—Adv.

300 ELKS PRESENT AT ROLL CALL; JINKS TO BE HELD NEXT MONTH

The Elks' annual "jinks" will be given about December 1, it was announced during the annual roll call of Elks last night. Three hundred members were present at last night's meeting.

A committee was appointed to canvass one-fourth of the business district during the coming Red Cross drive.

J. C. Burke delivered an eulogy on Ernest Kellogg, the only member of the local lodge to lose his life in the service. Clyde Bishop gave an address on the American Legion and urged local Elks to back the Legion in its work in this section. The Legion had requested the Elks to purchase 25 tickets of admission to the play which the Legion is to stage tomorrow night at the Temple theater. More than 400 tickets were sold to Elks during the evening and the remainder of the quota was taken over by the lodge.

PRICES AT MINIMUM DECLARES RANKIN

That prices for manufactured goods are gradually declining in a logical and orderly manner is indicated in an announcement today by the Rankin Dry Goods company regarding a price adjustment, by this firm, to lower levels.

Speaking of this adjustment, Herbert P. Rankin stated that he believed prices had reached their minimum for at least this season and that further declines must come out of the wages of labor if there is to be a reduction in the cost of production, which is as high as ever.

Rankin said: "One factor in the readjustment of retail prices must not be overlooked: while wholesale prices are said to have declined from 20 per cent to 50 per cent, this decline has taken place from the peak of the market. Very few merchants now have on hand any considerable portion of the stocks they bought at the top prices quoted last spring. Therefore, it cannot be expected that retail prices generally will be reduced in any such proportion."

"In fact, no reductions will be shown in such lines as fine white goods, fine lisle full-fashioned hosiery, kid gloves, celluloid toilet articles, imported laces and embroideries, and like goods. In all such lines there is still a shortage, and the excess of demand over supply has stabilized prices at their present level."

There have been real, tangible, economic reasons why certain prices have declined, controlled by the natural law of supply and demand, Rankin said, giving those reasons briefly:

Demand Slumps
"The world shortage of supplies of manufactured goods following the armistice in 1918 caused prices to rise until this spring, when certain economic factors, including the high cost of living, forced a marked reduction in demand.

"Customers stopped buying from retailers. Retailers cancelled their orders, forcing goods to accumulate on jobbers' hands. Jobbers closed their contracts with the mills. Mills cut down consumption of raw materials. The prices of raw materials began to tumble. Bills began to fall due, and banks wanted payment. There was only one way out—the liquidation of stocks on hand—and to force the sale of goods, prices had to be reduced."

"This process of orderly liquidation has been going on for the past two or three months and has now reached a point where the ruling prices quoted by jobbers are down to the cost of production. Further radical declines therefore are not likely, and whatever reductions there are will be gradual and coincident with the reduction in the general cost of living."

The announcement of the Rankin Dry Goods company today shows a marked decline in cotton fabrics, silks and woolsens, of which there is a larger surplus of raw materials than in other lines. The other lines in which adjustments of prices have taken place in this store are women's and misses' outer apparel, underwear, blankets, bedding, draperies, some hosiery numbers and so on.

Nap-a-Tan Army Shoe—\$8.50

—This is the real Army shoe and it cannot be bought in the average shoe store at all, much less at the price we are offering it. A most substantial and comfortable piece of footwear and offered in Santa Ana for the first time at this store for this price. Come see it while the run of sizes is complete and select yours for, pair,

\$8.50

—We also have the same make in high boots for men.

—Another unusual offering at this store is the 15-inch Mocasin boot for Ladies, made by the same famous house that makes our genuine Army shoe. See these remarkable shoes.

MINISTERS WILL SPEAK FOR RED CROSS DRIVE

The cry of suffering humanity as voiced by the American Red Cross will be presented to congregations in Santa Ana next Sunday, the opening day of the Red Cross roll call. Ministers all over the state have been asked by division headquarters of the Red Cross to make special mention Sunday, of Red Cross work. This morning local Red Cross authorities asked the co-operation of the Ministerial Association, and received a hearty response from the association secretary, Rev. F. T. Porter. He said he was sure local ministers would issue the appeal requested.

Complete organization of the city into precincts is being made today by district captains. The Santa Ana committee of three, Mrs. C. F. Crose, Mrs. Arthur H. Lyon and Mrs. J. N. Anderson. This committee has appointed district captains, who in turn are appointing precinct workers to make house-to-house canvasses.

The American Legion committee which is to organize for the canvass of the business section and industrial section is composed of Miss Anna Lieberman, Dr. John Wehrly and Dr. H. N. Brothers, all three of whom were in overseas service.

Mrs. Ray Chandler has been appointed by the city committee as an additional captain for the southeast section of the city.

The drive next week is annual membership, the dues for which are \$1 per year.

CHINA SENDING MANY FROZEN EGGS TO U. S.

Almost four million pounds of frozen eggs and an equal amount of de-seated eggs were brought to the United States from China during 1919, according to federal reports just issued. The eggs are broken and either frozen or de-seated for the export trade upon their arrival at the factory.

Although these eggs do not come into direct competition with fresh eggs, produced in this country, and are used largely by the baker trade, the supply is large enough to lower the basic egg price in the United States.

Enroll in O. C. B. C. night school.

MANUFACTURING MAN, HERE FROM BROOKLYN, VISITS JOE SKIDMORE

H. B. Griffin, identified with a big manufacturing concern in Brooklyn, New York, was the guest today of Joe Skidmore of Laguna Beach on a tour of the county.

The visitor is connected with the Doehler Die Casting company. This firm makes the aluminum handles used by a Santa Ana factory in the manufacture of tri-squares. Skidmore is interested in the tri-square factory.

Skidmore was in Brooklyn some months ago, purchasing machinery and developing plans for opening the local factory. It was at that time that he met Griffin.

PRIVATE RAINSTORM MAKES FARMER RICH

PARKERSBURG, W. Va., Nov. 10. —Through a freak of nature on their farm Mr. and Mrs. M. S. Hileman of Central are raking in much money. For over two weeks there has been a light rainfall there covering a limited area about 20 feet square.

So many visitors have come to see the freak that a son of Mr. and Mrs. Hileman stands at the gate and charges 25 cents admission. Last Sunday he collected over 600 admissions.

The Motor Transit buses offer quick and convenient service from all parts of the county to Anaheim for the Armistice Day celebration.

Reliable Used Cars

Any car is a used car in the same sense that it has been used before the owner gets it. Many used cars, as they are known by that term, have actually been run but few more miles than a new car, especially in these days of drive-aways. All used cars we offer have been carefully inspected, thoroughly conditioned and are ready to drive out and give good service.

Any car demonstrated any time.

Why Jim O'Donnell picked TEXCAL

Jim O'Donnell stands high among the workers in California oil fields. His record of successful completions is the envy of drillers everywhere. His achievements in the bringing in for the Doherty American Oil Fields Company, some of the country's greatest gushers, have never been matched. So, the news that Jim O'Donnell has associated himself with the Texcal Oil & Refining Co. carries tremendous weight with men who know him, and know the oil business itself. For Mr. O'Donnell has repeatedly declined offers by even the "big" companies. It was simply because he saw real worth in Texcal, that he became heavily interested financially, and consented to act as Field Manager.

Well drilling in proven ground

Mr. O'Donnell has watched developments in the Huntington Beach field—and we believe that he KNOWS when he says,

"Texcal is drilling in ground that can be considered ABSOLUTELY PROVEN."

And, to back the value of Texcal property, we have the experience of Mr. O'Donnell to assure us that our well will be brought in for the Maximum production possible. We fully expect a producer of 1,000 barrel capacity.

Texcal Already Fully Financed

Sufficient funds are on hand to complete the first well, and with ordinary good fortune, the second. The receipts from the present offering of shares at par value (\$1.00) will be devoted to the drilling of additional wells, thus leaving practically all earnings free for the payment of immediate dividends.

We expect our well to reach the oil sands by Nov 10th, and to be brought in by Dec. 15th. This means that by the first of the year, Texcal shares should command at least \$5.00 per share. Immediate purchase will secure them at \$1.00.

LAW'S ARM GOES INTO GERMANY IN S. A. CASE

The arm of the law and the hand of justice, as personified by Superior Judge Z. B. West, today sentenced Fred Wulf, who pleaded guilty to passing several bad checks at Orange, to one year in the county jail.

The arm of the law will also reach far across the sea to a little town in Germany in an attempt to secure justice for a woman—the wife of Fred Wulf's brother.

It will also reach to Washington and forever forbid Wulf from becoming a citizen of the United States. Wulf, pleading guilty to the check charge, applied for probation. The hearing was held this morning, and many witnesses were put on the stand to testify to Wulf's good character previous to the check passing incidents.

The state, however, through Deputy District Attorney A. P. Nelson, presented two letters written in Germany, and certified translations of them. One was a letter received by Wulf while he was in jail, from his brother Ernst in Germany. In this letter, among other things, Ernst Wulf informed his brother that he was having trouble with his wife, and was to get a divorce soon. Meanwhile, he was having to pay 125 marks a month to her for support. He did not wish to pay her alimony after the divorce.

Seeks to Compromise Wife
He therefore proposed that his brother, held here, make out an affidavit swearing that he, Fred, had had questionable relations with Ernst's wife in New York City in 1914. He told Fred to swear to this before a police judge or notary public, who probably would not understand German, and give the affidavit to the German consul to be forwarded to Germany.

Wulf replied, telling his brother that he was in jail on the check charge, and was guilty of it, but that as soon as he got out he would send him the affidavit requested. Attorney S. B. Kaufman, at whose instance Wulf pleaded guilty, asked that the court give Wulf a jail sentence in lieu of one in the penitentiary, and asked that Wulf's past record, which was shown to be good, be taken into consideration.

Judge West said: "Wulf, you are guilty of promising to perform an act of the sort that undermines the very groundwork of the life of this nation. When a man raises his hand and swears to tell the truth under oath, he is supposed to do so. You have in this letter, apparently without the least concern, agreed to swear to one of the most insidious and base and injurious falsehoods that this court has ever dealt with. You have not told me the truth about the matter from the stand."

Cites Past Record
"However, this court is not trying you on the charges concerning these letters. Your past record seems to be good, and this court will take that into consideration as it would with any other prisoner. I hereby sentence you, therefore, to one year's confinement in the county jail.

"This court orders, however, that an official transcript of these proceedings and documents be sent by the sheriff to Washington to the end that you may never be allowed to become a citizen of this great republic. It furthermore directs that a similar transcript, with the original letters between Wulf and his brother, be sent to the court in Germany in which Ernst Wulf's divorce is pending, to the end that this woman, Ernst Wulf's wife, may be protected from the base connivances of her husband, and the true nature of the husband's plans and testimony shown to that court."

SOCIAL LEADER HELD ON SERIOUS CHARGE
STOCKTON, Cal., Nov. 10.—Mrs. W. F. Gregson is under arrest today on a charge of having performed an operation which resulted in the death of Mary Pellegrini, 27. Mrs. Gregson is widely known in Stockton as a club member and at one time was a candidate for the city council.

Police say the Gregson house has been under suspicion for some time and that the search revealed evidence of other cases involving people of Stockton and other parts of the valley.

Taken to view the remains of the dead woman, Mrs. Gregson is said to have admitted treating an Italian woman, but said that she could not identify the body.

Mrs. Gregson had not been able to furnish \$2,000 bond for her release today.

ORIENT POOR PLACE TO FIND HUSBANDS FOR FIVE DAUGHTERS

SAN FRANCISCO, Nov. 10.—The Orient has its commercial possibilities, but offers nothing in the line of matrimony for five pretty girls according to J. Saigan, Norwegian manufacturer.

So Saigan and his daughters—Karloline, Olga, Ingeborg, Sigrid and Lilly—were in San Francisco today to make their homes in the United States, the girls are hoping to become the wives of substantial Americans.

"Race assimilation is utterly impossible in the orient," Saigan declared. "Morals, religion, color and habits forbid such a condition," he said.

"So mother and myself, after two years of study, decided to move to America and give the girls a chance."

Saigan gave up a business he had been building for twenty years to bring his quintet of daughters to a land where they might make happy homes.

MRS. NAN O'BRYAN CALLED BY DEATH

Mrs. Nannie V. O'Bryan, 409 South Birch street, passed away this morning after a lingering illness of more than two months. At the bedside when the end came were her two daughters, Mrs. Jessie Stump and Mrs. Charles Hewins, and her granddaughter, Miss Margaret Stump.

Mrs. O'Bryan came to Santa Ana from Woodward, Oklahoma, about four years ago, and took an active part in the church and social life of the city. She was 68 years old. She had been in failing health during the past year, and last summer went to Colorado Springs hoping that a change would benefit her. The altitude, however, proved too great, and her stay proved injurious rather than beneficial.

She later went to visit relatives in Missouri, where she was taken seriously ill with heart trouble. Her two daughters went East about three weeks ago and brought her back to Santa Ana. It has been known for some time that the end was near.

No arrangements have as yet been made for the funeral.

C. E. FOLK PLAN TO ATTEND BIG MEET IN L. A.

Approximately 25 representatives from Orange county are expected to attend the Southern California conference of the Christian Endeavor, to be held in Los Angeles November 26, 27 and 28, it was announced here today.

State officers are to have charge of the meeting. Among those who are expected to be leaders at the conference are B. I. Valentine, state president of the Christian Endeavor; Paul C. Brown and Clarence H. Sprague, field secretaries.

Representatives of Orange county Christian Endeavor societies held a conference at Balboa several days ago to discuss the Southern California convention and other matters of interest to the county organizations.

One of the decisions arrived at in regard to the county organizations was to print a regular news letter. This letter is to be printed at regular intervals, probably once a month if sufficient material is available, and will be sent to all of the societies in the county. A committee was appointed to take charge of the work.

Plans Christmas Treat
The matter of the usual Christmas treat for the county hospital by the Christian Endeavor was also discussed and a committee appointed to act on this matter.

There were about twenty-six representatives of the county societies attended the conference at Balboa.

Those present were: Rev. W. E. Spicer, L. A. Danielli, Edith Spicer, Hortense Harkley, of Brea; Mr. and Mrs. Charles Fuller, George Raff, Mabel Ipsen, of Placentia; Miss S. H. Harmon, of Fullerton; Mabel Culter and M. E. White, of El Modena; Gelsamina Brown and Miss Arthur of Orange; Harold Armstrong, Kathleen Owens, Meta Daniel, Josie Eilers, Marian Gerard, Malcolm Finley, Beatrice Anderson, Mr. and Mrs. John Henderson and Mabel McFadden, of Santa Ana, and Mary Brown of Riverside.

ONE DEAD, 7 HURT IN AUTO ACCIDENT

EL CENTRO, Nov. 10.—George Christ, driver of a San Diego-El Centro stage, is dead and seven passengers are nursing minor injuries today as a result of an accident near here late last night. The stage overturned and tumbled down an embankment. Christ jumped and was crushed to death under the vehicle.

ALLEGED RECKLESS TRUCK DRIVER PAYS \$25 FINE TO COX

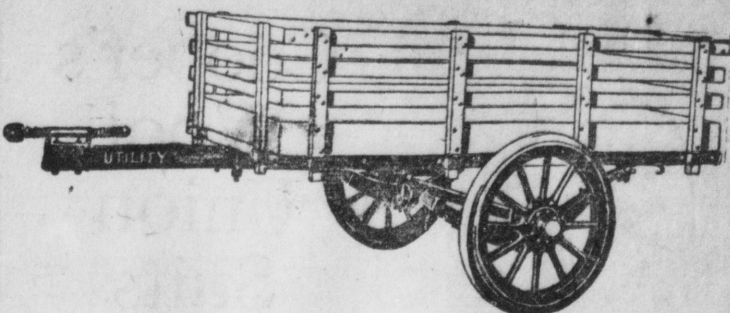

Robert Reich, truck driver for the Orange County Fumigating company, was this morning found guilty of reckless and careless driving by Justice J. B. Cox and fined \$25.

It was alleged that Reich was driving on the left hand side of La Veta avenue near North Main, and that he cut the corner and collided with a machine containing A. C. Levy and V. Isaacman of Los Angeles.

Isaacman and Levy have brought suit in Superior court for approximately \$2000 damages alleged to have been sustained in the collision.

Reich was represented by Scarborough, Forgy & Reinhaus.

Attend McCormac's night school.

This Store Will Remain Closed Thursday—Armistice Day.

ARMISTICE DAY PROGRAM GIVEN BY POLY HIGH

The Santa Ana high school held its Armistice Day exercises today, inasmuch as the city's schools will hold no sessions tomorrow. At Yost's theater, a program of speeches, music and readings suitable to the occasion was presented.

Lynn Crawford was in charge of the assembly, and Captain Maurice Enderle the special speaker.

Captain Enderle thanked the high school in behalf of the American Legion for observing Armistice Day. He read a portion of the order, which came to him in the front line trenches on November 11, 1918, to cease firing. His talk was greatly appreciated by the high school pupils.

Professor Jackson spoke a few words on football and the spirit in which the school should back the team. His admonition to the students was to be on the bleachers with their megaphones, pom-poms and all their lung power when the Fullerton and Santa Ana teams meet November 20.

Give Clever Skit.

A clever skit was given by members of the Girls' League for the purpose of stirring up enthusiasm for the paper drive which that organization is conducting at this time. The first part of the skit was intended to show how the league members would like to see it come in. A plea that more students bring paper to help in the drive was made in the skit.

An announcement by Edith Knox, asking for co-operation in the Junior Red Cross drive in the high school was well received. Miss Knox stated that it was the hope of the Junior Red Cross officials to make the drive 100 per cent efficient in the high school.

Several numbers, given by the Boys' and Girls' Glee clubs, were greatly appreciated. The first was "Keep the Home Fires Burning." Later the audience rose and bowed their heads in honor of the heroes who gave their lives in foreign lands, while the glee clubs sang the "Victory Prayer," composed in Nov. 11, 1918, by Clarence Gustin.

Gives Reading.

A reading by Ernest Crozier Phillips, "Rouge Bouquet," in which bugle calls from behind the scenes blended with the rendering of the poem to produce a most dramatic effect, was greatly appreciated by the students.

Short talks on Armistice Day subjects by Professor Bruff and others served to heighten the memorial spirit of the meeting. Don Hilliard spoke on what Armistice Day should mean. He told of the nine former members of the high school who had lost their lives in the service and of the nine trees which had been planted on the campus in their memory.

History classes in the various grade schools of the city today gave special attention to Armistice Day, going into those events which led up to the American's entry into the World War, and also into the part this country played in bringing victory to the Allied cause.

WOOD HEATER NEEDED TO WARM YOUNGSTERS AT S. A. DAY NURSERY

The Day Nursery, located at 311 East Fifth street, is in need of a small wood heater. Mrs. Paul E. Wright, the matron, says that unquestionably there are in Santa Ana a number of good heaters that have been discarded by housewives. One of these, as well as not, might be giving forth warmth for the twenty-five little children who are left daily in the care of the Day Nursery.

RELIGION, BRAINS NEEDED, IS CLAIM

At a meeting held this morning at the First Methodist church, Evangelist Albert C. Fisher preached on the subject, "If these things be in you and about, ye shall never fail."

Fisher discussed the text in part as follows: "What the world needs is men of common sense with a good dose of religion. Religion and common sense are the greatest gifts of God to the race. Men fail in business; men fail in education; some of you men fail to produce crops even here in California, but God has made religion so simple that the simplest man need not fail. If he does the will of God he is bound to succeed."

"Too many think of religion as giving up, as self-renunciation, but it is more than that. It means power to serve. It means real service. Christianity is evidence of divine life. As this natural life manifests our contact with nature, so the Christian life of service is evidence of our contact with God."

"We are going to the judgment on the basis of service, but unless the life of Christ be in the service, it will not stand the test of eternity. This gives life its supreme value. All the honor and pleasure and wealth in the world cannot measure the value of a soul."

Fisher will preach tonight on "Have We Lost the Christ?"

MOTORCYCLE STOLEN
A Henderson motorcycle, with sidecar attached, belonging to H. G. Peck of Fullerton, was stolen while it was left standing on an Anaheim street. The sidecar of the motorcycle is said to have a windshield on it. The sidecar is painted blue. The motorcycle and rider were last seen heading in the direction of Santa Ana.

For three years I had just about everything the matter with me anybody could

URGE STORES TO CLOSE ALL DAY TOMORROW

Recommendation that the stores of Santa Ana be closed all day tomorrow, and that merchants and clerks, as far as possible, attend the Armistice Day parade at Anaheim tomorrow afternoon, was made by the directors of the Merchants' and Manufacturers' association at their meeting in the Chamber of Commerce rooms last night.

The recommendation was made on motion of W. H. James. Business houses of Anaheim and Orange also will close, it was reported at the meeting.

The action was taken purely in a spirit of co-operation with Anaheim in its efforts to make the celebration a big county affair. With Santa Ana Post, No. 121, American Legion, offering its co-operation with the Anaheim Post in the day's celebration, it was decided that the merchants of the city should assist in every way possible to make the event a memorable one. The secretary was directed to see that the association is represented with a decorated car in the Santa Ana division of the parade.

Members of the board expressed the hope that business men of the city would attend in large numbers, as a courtesy to the business men of Anaheim and in compliment to the enterprise of the former service men of Anaheim.

A request by the Santa Ana high school that the directors recommend closing of stores for a time on the afternoon of Saturday, Nov. 20, was denied because of the two closing days in the month, tomorrow and Thanksgiving.

The high school's request was met with a view to merchants and citizens generally attending the big football game between the Santa Ana and Fullerton teams here on Nov. 20. The directors voiced their appreciation of the spirit of the high school boys in their ambition to put over a win in the deciding game in the race for the Orange League football championship.

Recommendation was made that as many merchants as possible lend their support to the team by attending. The motion offering the recommendation was made by E. T. Matier.

The probability of those in charge of the third annual celebration of the landing of the Pilgrim Fathers asking the merchants to close on Dec. 21 was brought up for discussion. No formal request was made that business houses close on that day, but it is understood it may be made later.

The directors decided that efforts to bring about a general closing on that day would be ill-advised, in view of the fact that the celebration comes during the time of the big holiday trade, and only several days before Christmas. The secretary was instructed to inform accordingly those persons who might make requests in this connection.

A report was made to the directors that frequently business men are called upon to support advertising schemes where solicitors allege that they have the endorsement of the Chamber of Commerce. Secretary Metzgar said it was not the policy of the Chamber to give endorsements of this character and warned business men to demand credentials from parties making such representations. The secretary stated that he was frequently asked to supply magazines with matter boosting Santa Ana, and that he always availed himself of these opportunities. He said that such cases, however, carried no obligation on the part of business men to insert advertisements in the magazines in question.

Discussion of credits brought out the fact that collections among business men in Santa Ana are good. No one present had any bad bills to report, and the secretary stated that very few merchants have occasion to use the collecting department of the M. and M.

"JUST TELL THEM TO CALL ME" SAYS RUSSELL

Declares He Would Not Take All the Money in the World for the Good Tanlac Did Him and Will Tell Anyone About His Case.

"My telephone number is Proctor 3115, and if anybody wants to talk to me about the good Tanlac has done me and what I think of it, all they have to do is to just call me up," declared K. C. Russell, 3712 North Ninth street, Tacoma, Wash. "Six bottles of Tanlac not only completely relieved me of all my troubles, but I have gained fifteen pounds in weight besides. For three years I had just about everything the matter with me anybody could

have. I lost my appetite, and even when I did force down a little something it caused me awful suffering. I would bloat up with gas until I could hardly breathe, have intense pains in the pit of my stomach and my heart would palpitate dreadfully. I had headaches nearly all the time and often became so dizzy I had to take hold of something to keep from falling. My kidneys worried me a great deal, and there were such pains in my back I felt like it was coming in two.

"I also suffered with rheumatism in my arms, legs and every joint in my body. My nerves were in such bad shape I could never get a good night's sleep. I lost weight and finally became so run-down and weak I simply had to stop work entirely. All my friends thought I was down and out for good, for although I had tried every kind of medicine I could hear of, nothing helped me a particle.

"Well, sir, I think Tanlac is actually worth its weight in gold, and I wouldn't take all the money in the world for the good it has done me. In a short while after I began taking it I commenced to get better and now I am a well man. I have a splendid appetite, eat anything I want and never have a particle of trouble afterward. My kidneys do not bother me any more, my nerves are in fine shape. I never have a sign of headaches nor become dizzy, and the rheumatism has left me entirely, and I am back on the job again."

Tanlac is sold in Santa Ana by Rowley Drug Co., Heying Pharmacy, Anaheim, and the leading druggists in every town.

MAN SOUGHT HERE IN AUTO SWINDLE CASE GOES TO SAN QUENTIN

William Van Horn, wanted here on a charge of having swindled Charles S. Davis, a local automobile dealer, out of \$750 by means of trading him a stolen machine, and who, Chief of Police White of San Francisco recently informed Sheriff C. E. Jackson, was being held on a felony charge in the northern city, has been convicted there and sentenced to San Quentin.

It had been planned to bring Van Horn back on the charge placed against him here, in case he was not convicted in San Francisco, or in case he was released on probation on the charge there.

'GOBS' DESERT FORD AT ORANGE 'PORT'

Sailors already have the reputation of leaving a lass in every port, but if proceedings in Orange last night are duplicated hereafter to any extent by the lads in the floppy blue trousers they will soon have a reputation of leaving a Ford in every town.

Four sailors appeared in Orange last night in an old Ford which was causing some trouble by way of protest against carrying sea-faring men. They stopped at a garage, and had the trouble fixed, but were unable to pay for the work, or buy the gasoline necessary to proceed on their way.

Hence, just as the argument was waxing hot, they pulled anchor and departed with all the speed their sea legs could muster, leaving the abandoned Ford disconsolately on the street in the port of Orange.

Officials think that the Ford was probably one which the "gobs" rented in San Diego, and in which they set out with the determination to "See America First" before "seeing the world."

Sheriff C. E. Jackson was in communication today with San Diego authorities, who are trying to locate the owner of the machine that was loaned to the sailors, not wisely, but too well.

SEE LOVE TANGLE IN GIRL'S SUICIDE

CHICAGO, Nov. 10.—Inquiry into facts leading to the death of Miss Theodora Sanders, 29, Laredo, Tex., who stabbed herself with a dagger in a hotel here, and fell dead at the feet of the man who had just told her he didn't love her any more, was to be made at the inquest here today.

According to police, Miss Sanders, ward of a Laredo banker and descendant of a Spanish family, killed herself after Harry H. Garver, trade commissioner for the Chicago chamber of commerce suggested they meet no more.

According to word from Laredo, Miss Sanders was one of Laredo's most beautiful and accomplished young women. She was known as a writer of fiction in both Spanish and English. She lived with her aunt, Miss Emilia Sanders.

About two years ago she was involved in a breach of promise suit which was compromised. Mrs. Ruth Campbell, an intimate friend of Miss Sanders', said the girl was in a troubled state of mind when she left Laredo. At that time Mrs. Campbell said, she expressed fears for the worst, as she thought Miss Sanders was desperate.

Miss Sanders killed herself on her 29th birthday.

We Shall Not Forget

—No real American will ever forget the sacrifice and service performed by the boys who now are represented by the American Legion.

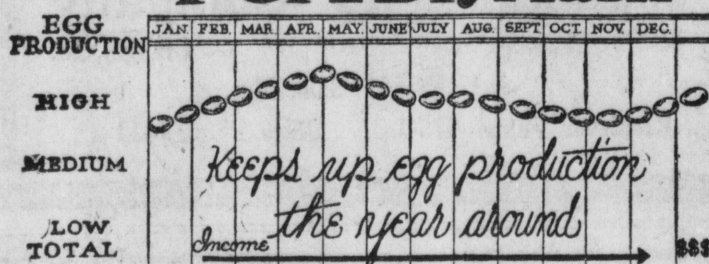

—We shall not forget the days and nights of horror nor the soul-racking scenes of frightfulness which our boys bravely faced. Neither will we ever forget the stalwart lads who are resting now in the poppy fields of France.

—Tomorrow we give our whole attention to their honor and support.

THE RECORD PCA DryMash

If the productive ability of your flock falls below normal during the fall and winter months it will mean a serious loss to you. These are the months when egg prices soar to a high figure. Lose no opportunity to maintain the condition of your hens.

P. C. A. Dry Mash and other P. C. A. products are renowned for their value in sustaining a hen's strength and enabling her to lay a steady volume of eggs. These feeds are fed by the biggest men in the business.

Gain by the experience of others. Keep up egg production throughout the winter. The feeding of P. C. A. products will prove a great factor in your profits.

Buttermilk Means Health and Vitality

Of all conditioners there is none that rivals buttermilk. It will keep your flock healthy and fit. Its value is proven by the fact that approximately one hundred carloads of buttermilk were sold in Southern California last season.

For greater convenience and effectiveness many poultrymen find it wise to feed our mash already mixed with buttermilk to keep their flocks in laying condition.

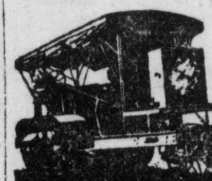

Buy P. C. A. products from the following dealers:

Make This Comparison Before You Buy Your Phonograph

DON'T buy a phonograph, any more than an automobile, without a demonstration. Name isn't all nowadays, as it used to be, when phonographs were a novelty.

Music-lovers know the real way to test—and that is by tone. The ear picks out superiority quickly. Naturalness is easily appreciated.

We encourage comparisons. We invite you to hear The Brunswick, then to hear others. We leave final judgment to you. And we rarely lose a sale, when a comparison is made.

This accounts for the great popularity of The Brunswick in Orange County and the nation over. It goes into the homes of the most critical because of its overwhelming merit.

It has numerous features unobtainable elsewhere. Such as The Ultona, the all-record reproducer. And The Brunswick Tone Amplifier, built entirely of wood, so as to end metallic sounds forever.

FARMERS TO BE
GIVEN LESSONS
IN KEEPING
ACCOUNTSFarm Bureau Will Conduct
School in December in
Orange CountyTO DISTRIBUTE BOOKS
Berkeley Expert to Give Ag-
ricultural Pointers in
Bookkeeping

More than 120 farm accounts were distributed this year in Orange county by the department of agriculture of the University of California through the farm bureau.

The time of year is approaching for the summing up of farm accounts and computing the income tax, the bureau points out.

While at Berkeley recently, Farm Advisor H. E. Wahlberg arranged to have Mr. Wright, farm account expert, spend a few days in Orange county to assist the farmers in starting their books for 1921.

During the period from December 6 to 9, afternoon farm accounting schools will be held at Villa Park, Anaheim, Fullerton and at Garden Grove.

Wright will assist farmers in starting their books for the coming year and will give instructions on computing the income tax for the year. The new books, to be distributed free at these meetings, will have a special section for the income tax returns.

All farmers are invited to this series of meetings.

NEW ZEALAND MODEL
MILKING SHED USED

Dr. M. E. McDonald, inspector for the state department of agriculture, Imperial valley, reports that William Paine, of El Centro, has a novel type of milking shed that is arousing the interest of various inspectors and others who have seen it.

Mr. Paine has a herd of some sixty or seventy cows. His milking shed, however, is equipped with a milking machine and consists of only six stalls. The cows enter the stalls, and after being milked, pass on through doors in the front of the stalls which are released by means of a level from the rear. Other cows awaiting their turn take their places so that there is no loss of time. They are milked by machine directly into pips which transfer the milk direct to the receiver, in the milk house. Mr. Paine has been using this system for some six months or a year and reports that the cows are readily trained to follow each other into the stalls and that he is well pleased with the plan.

While this system is a novelty in this state, it appears that it is by no means a novelty in other countries. Information is that a gentleman of New Zealand devised it some twenty years ago, and that now it is in very common use in both Australia and New Zealand. In fact, it is reported that practically all the milking sheds of New Zealand are of this type and that they are adapted both for machine and hand milking. Because of the similarity of conditions there and here it is thought by those who have imported the idea that the plan is suitable for California.

BETTER INSPECTION
OF MEAT REQUESTED

A request for better meat inspection, which will insure the public a higher class product, has been sent to the State Department of Agriculture by the California Cattlemen's association. The present inspection work is commended, but the need of broadening the scope of the work is emphasized.

If the public could be assured that every piece of meat that is sold has been thoroughly inspected, the demand for meats would be considerably increased, declare the cattlemen. At the present time only the larger cities have a complete system of inspection.

AMERICAN DOUGHBOY
WEALTHY IN GERMANY

WASHINGTON, Nov. 10.—Service in the American Army of Occupation is popular with young Americans, the army recruiting service announces in checking up its November 1 records. There were 256 vacancies in the forces in Germany for which recruits were accepted on that date and Adj. Gen. Harrison's office sent out 256 men to fill them. The army is recruiting six hours after the day began, only to find that 428 men had completed their enlistments for regiments overseas.

Letters from soldiers there indicate that an American private is able to exchange his army pay for so many German marks that he ranks as a plutocrat among civilians, which in some part accounts for the popularity of service there, of ficers believe.

Here's October Report
On Butterfat Testing

Nowadays, testing milk for butterfat is far past the mystery stage, says a bulletin gotten out by the Orange County Farm Bureau. "Almost everyone now believes that it is desirable to test cows," the bulletin continues, "but still a few never find time to do it themselves and when a chance comes to join a cow testing association they balk at the small expense, not realizing that it is a very profitable investment."

"The dairy department of the Farm Bureau has an efficient man in the field for making butterfat tests among dairy herds of Orange county."

A cow owned by Andrew Moore won first place for butterfat production in October. This cow's production of butterfat during that month was 73.01 pounds.

The following list, taken from the October report of the Farm Bureau cow tester's report, shows the official figures on every cow owned by a member of the Orange County Cow Testing association, except that the table pertains only to cows which gave forty pounds or more butterfat per month:

| Owner— | Cow | Milk Per c. | | Milk | | Fat |
|------------------------------------|----------------|-------------|-----|---------|---------|-----|

ORIENTAL BEANS ARE
SHIPPED AS BALLAST

While the freight rates on beans were recently increased 33 per cent, the ocean freight rates on the same commodity from the Orient, South America or Madagascar have tended to grow less, and recently beans have been transported from Japan to this country for only about the handling cost, on the theory that they were needed as ballast, say officials of the California Lima Bean Growers' association.

California growers are finding it difficult to compete against both lower freight rates and the cheap labor of foreign countries.

ENROLLMENT INCREASES
BERKELEY, Nov. 10.—Enrollment in University of California courses giving instruction in practical fruit raising has increased more than 500 per cent during the last five years, the division of pomology today stated.

Folks — can you really afford to own a car when you can rent one without driver for as little as \$3 a day? 7 1/2 cents a mile. See Copson, 411 W. 4th. Phone 1428.

ALFALFA WEEVIL IN
NEVADA AND OREGON

Livestock growers, as well as alfalfa producers of California, are considerably exercised over the fact that the alfalfa weevil has been found in the bordering states of Nevada and Oregon. Not only does this pest inflict serious damage to growing alfalfa, but the quarantine incident to finding it in any locality often causes material losses.

It develops that the inspectors who are guarding California from this and other pests are paid a maximum of \$2.50 per day, which farmers declare is not sufficient to maintain the proper men on this important work.

ORANGE PICKING BEGINS.
PORTERVILLE, Nov. 10.—Packing has begun in Lemon Cove, Naranja, Zante and other foothill sections. Packing houses are fully equipped and will be running full blast in two weeks. With the addition of the Santa Fe to transportation, shipping facilities are improved. Cost of handling will be greater, but prices generally are expected to be good.

POTATO GROWING BIG MEETING IN
SECRETS TOLD
AT VAN NUYS
DECEMBER AT
TUSTIN, PLANGood Seed, Soil Properly
Treated, Prime Necessities, Is Shown
Speaker at Center Gathering
to Discuss Situation as
to Walnuts

To achieve the best results in potato growing it is necessary, first, to have good seed, and, second, to see that the soil is properly treated, says a statement issued by the Farm Bureau in connection with the recent demonstrations held at Van Nuys under its auspices for the benefit of potato growers.

"Most failures are due to poor seed or poor cultural conditions," the statement continues. "One cannot be too particular about the quality of seed he uses. Only seed potatoes from selected hills should be used and these free from disease. As a protection against rhizactonia, all seed potatoes should be dipped in a solution of corrosive sublimate. A solution of mellicolus indica and potatoes will give a better yield per acre than two crops of potatoes during the same year."

"Mr. Olson of Van Nuys is planting a combination of mellicolus and vetch as a winter crop which he turns under in March and then plants his potatoes. He obtained much better results with mellicolus and vetch than with alfalfa. He uses 1000 pounds of seed per acre and is careful not to plant a slab with too many eyes. Two or three good healthy eyes are sufficient—more eyes or sprouts will produce too many leaders and the plant will therefore go to produce leaves rather than tubers. Cut seed has proven better than 'drop seed,' or whole potatoes."

"A good seed bed should be provided. Soil temperature at the time of planting should be considered important, especially for the fall crop. It has been found the best practice to irrigate immediately after planting in July or August. This will tend to cool the ground and compact the soil around the newly planted seed."

Fertilizer plots were visited at Van Nuys. Mellicolus plots produced better yields than nitrate of soda, it was found.

PASQUALE INDICTED
FOR BABY'S MURDER

MORRISTOWN, Pa., Nov. 10.—August Pasquale was indicted by the grand jury on the charge of killing Blakeley Coughlin, 13-months-old son of Mr. and Mrs. G. H. Coughlin of this city, on June 30, last.

The grand jury also found true bills charging kidnapping, burglary and extortion. Only three witnesses, Mr. Coughlin, Capt. Gearhart and another State policeman, were heard.

While waiting in the prisoner's room, Pasquale talked freely. He said he intends to plead guilty without delay.

In an alleged confession, recently given out by Maj. L. G. Adams, head of the State police, Pasquale was said to have admitted kidnapping and killing the child, later extorting \$12,000 from his parents on the promise to return it alive.

SPEEDER GETS JAIL
TERM FROM FRIEND

COVINGTON, Ky., Nov. 10.—Judge Lewis L. Mason, police judge is no respecter of persons in his court.

When Dr. F. T. Adams, widely-known physician, was arrested on a charge of speeding, Mason fined him \$50 and costs and sentenced him to jail for three days.

"You and I are friends, but it doesn't matter to me in this court. I am here to administer justice in spite of our friendship or what any of our friends may do."

Judge Mason gave his physician friend two days to arrange his affairs so that he could serve the jail sentence without inconvenience to his patients.

CHURCH RECOGNIZES
WOMEN FOR PULPITS

GENEVA, Nov. 10.—Women's right to occupy pulpits has been recognized by the international government of Basle. Two other cantons, already have taken this action and it is expected in church circles that the Geneva synod will do likewise.

Interest in the question was quickened some month ago when Miss Maude Royden of England, was permitted to preach in the cathedral here during the last international congress of women.

APPLES GIVE NORTH
RIVER BEAUTY HER
PEACHY COMPLEXION

NATALIE KINGSTON
When Miss Natalie Kingston was crowned "Queen of Apples" at the North River apple auction, which opened National Apple Week, her advice to young women in her "coronation" address was that they eat apples and acquire a peachy complexion. Miss Kingston practices what she preaches and critics say her complexion shows it. "Apples did the work," Miss Kingston replied.

NEW EXTRACTOR
IS INVENTED BY
BEE MAN

Developing a honey extractor that is declared by competent authority to be the best on the market, B. M. Crawford, of this city, is daily expecting patent papers that will protect his device against infringement and which in time may make his name one of the best known among producers in the United States.

Crawford is associated with his brothers in raising honey and has been at the business for some time. He has studied the methods of extracting the sweet product and has now devised what he believes to be one of the most perfect machines possible to develop.

He made applications for patent papers some nine months ago and has kept his process of extraction more or less a secret since. Now that receipt of his papers is imminent, he has decided to make public the secret.

Centrifugal force is used in the extractor, one of whose points is that it extracts honey without breaking down or in any way mutilating the comb, thus saving the industrious bees the labor of producing new combs. Rebuilding or repairing of combs requires consuming a great number of pounds of honey for every pound of wax needed to rebuild.

"Most of the centrifugal extractors now in use mutilate the combs as the result of the pressure of hon-

2000 IN COUNTY
FARM BUREAU,
GOAL IN BIG
MEMBERSHIP
CAMPAIGNEvery Agriculturalist In the
District to Be Asked
to Enroll

PLAN SYSTEMATIC DRIVE

Program of Wide Scope Is
Outlined by Chiefs for
Next Year

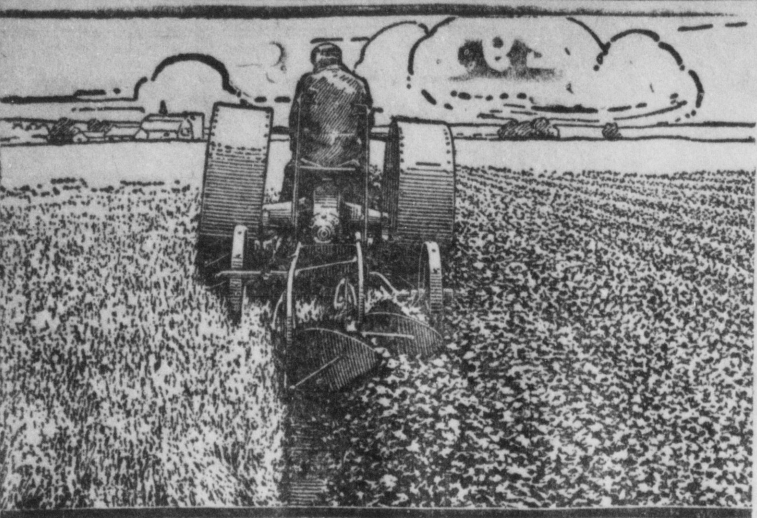

Plans are being outlined by the membership committee of the Orange County Farm Bureau for a thorough membership campaign during the month of January. Committees will be appointed to take charge of the drive in each center. The territory will be systematically divided and a committee of two put in charge of each division.

Every farmer in the county will be asked to join the ranks of the organization, which is working for the interests of agriculture and rural communities in the county, state and nation. Through the Farm Bureau Federation, the farmer will obtain a hearing before legislative bodies.

The program of the State Farm Bureau for the coming year is outlined as follows:

1. The co-operation of the California Farm Bureau Federation with the agricultural extension service and the United States department of agriculture on projects and departments dealing with educational and demonstrational work.

2. The development of the livestock industry on special lines relating to better breeding, purebred stock, combating diseases and marketing.</

John Deere Built It For The Fordson

We can furnish you with the plow that John Deere built especially for the Fordson Tractor.

It is made of New Process John Deere steel.

That's why it is extra light and strong.

It's the lightest tractor plow you ever saw—weighs less than the average horse-drawn sulky.

It is tremendously strong—beams are guaranteed not to bend or break—all frame connections are hot-riveted—no loose joints—no give anywhere—it's the plow you can depend on to stand the strains of utilizing Fordson power under all plowing conditions.

Because of light weight and clean scouring qualities, it pulls

extremely light. It's a real fuel saver. See it at work once, and you will appreciate how light it pulls.

Its correct line of draft, when hitched to the Fordson assures ideal penetration.

Its genuine John Deere bottoms scour, wear well and make good seed beds.

Its quick detachable shares are strong and close-fitting. Loosen one nut to remove a share; tighten the same nut and the share is on tight.

Its simple, strong power lift works perfectly. Lifting mechanism moves only when the plow is being raised or lowered—no useless wear.

If you are planning to buy a Fordson be sure to see this plow. Ask us to show you the John Deere No. 40—the plow that fits the Fordson.

teaching in rural schools; the dissemination of information relative to the cost of production of agricultural products, and data with reference to distribution costs of agricultural products.

10. The development of a statistical and publicity department for reaching the membership with information regarding the county, state and national Farm Bureaus and the progress of the various departments of the federation.

11. The development of a strong department for handling public utilities problems, including transportation, traffic, telephone, power and other utility problems centering in the work of the State Railroad Commission.

12. The continuance of a legislative department program dealing with state and national legislation on laws relating especially to agriculture.

13. The development of a dairy department with special reference to breeding, testing and marketing.

14. The development of a poultry department with special reference to flock improvement and economic problems of poultry production.

15. The development of a sugar beet growers' department concerned with all phases of the sugar beet growing industry, including culture, harvesting, seed improvement and growers' contracts.

RAILROAD SAFETY PLANS FOR FRANCE

PARIS, Nov. 10.—Need for hastening adoption of the "continuous brake" on freight cars says M. Le Troquer, Minister of Public Works, is made apparent by the wrecking of an express train outside Paris a few days ago. Nearly fifty persons were killed and scores injured.

Such brakes are provided for in the economic section of the peace treaties, he said, but their adoption depends upon agreement among European countries.

The "continuous brake" is designed to operate automatically upon cars that may break loose from a train. The recent accident was caused by several loose cars becoming derailed when they rolled down grade to the forward part of the freight train, waiting for them. The loose cars fell across the track of the express that arrived a half minute later.

SUGAR BEET SEED IS PLENTIFUL THIS YEAR

The total production of sugar beet seed in the United States this year is estimated to be 6,770,000 pounds. Reports to the bureau of markets place the average yield per acre at 870 pounds on 7789 acres harvested. This total is about 70,000 pounds greater than last year's record production.

Idaho produced one-third of this year's crop, or 2,260,000 pounds, followed by Colorado with 1,515,000 pounds; California, 900,000 pounds; Michigan, 515 pounds; Utah, 265,000 pounds, and small quantities in other states. The average yield per acre in California was 1200 pounds; Idaho, 800 pounds; Michigan, 765 pounds, and in all other important producing states, about 900 pounds.

There is very large carry-over from last year, the visible supply in this country being about 34,500,000 pounds.

SANTA ANA MAN INVENTS EXTRACTOR

(Continued from page nine)

ey on the side of the combs opposite that from which the sweet stuff is being extracted," said Crawford today. "Where my device is used, bees, instead of being in the hive, repairing mutilated combs, keep to the fields.

"Aside from saving honey, the bees' time and rapid depreciation of combs, my device saves labor. The first cost of the machine will be greater than the cost of those now in use, but when the features that are distinctly advantageous to producers are taken into consideration, the cost becomes of diminishing importance.

"It is wholly automatic. At periodic intervals, which are variable, the direction of the movement imparted to the reel is automatically reversed and simultaneously the positions of the comb pockets are reversed. After the comb pockets have been reversed two or three times, as may be desired or necessary, the reel comes to rest without attention of the operator.

"The time, labor and expense ordinarily involved in the separation of honey in centrifugal extractors is minimized."

POTATO PRODUCTION IS EVENLY DIVIDED

Potato production is more evenly distributed among the various sections of the United States than is generally supposed, if the early as well as the late crop is taken into account. In the average of the four years, 1916-1919, the North Atlantic states produced 23 per cent of the crop, the North Central states east of the Mississippi river 22 per cent, those west of that river 18 1/2 per cent, the Rocky mountain and Pacific states 16 per cent, the South Atlantic states 16 per cent and the South Central states 6 per cent.

TAKE CENSUS OF VETS IN HOSPITALS

NEW YORK, Nov. 10.—Work was started today by the 9700 posts of the American Legion in this country on a census of all veterans of the World War who are still inmates of government or private hospitals. The census is the first step of the Legion in a campaign to make life more worth living for the sick and disabled.

A card will be made out for every man in hospital, giving information on his name, home address and organization with which he served. The data will be obtained by committees from all Legion posts and the cards filed at national headquarters in Indianapolis. The index will be accessible to anyone wishing to locate sick or wounded man.

Under the legion plan, every man in hospital will be visited at least once a week. Outings and entertainments will be organized, delicacies and reading matter will be supplied and every man will be made to feel that a personal interest is being taken in his case. The spirit of the plan is to humanize hospitalization work. Every one in the community will be asked to help but the legion will lead the way.

There are still more than 20,000 disabled and sick veterans confined in about 1200 government and private hospitals.

KILLS HIS FATHER IN FIGHT OVER GUN

HODGENVILLE, Ky., Nov. 10.—Enraged when he was ordered to surrender possession of a shotgun, Owen Duncan, 25 years old, turned the gun on his father, John Duncan, the load striking the elder Duncan in the heart, killing him instantly.

The slayer for some time has been considered of unsound mind, but was not thought to be violent. He was brought to jail here.

GERMANS ANGER SCIENTISTS
BERLIN, Nov. 10.—Dr. Albert Einstein, exponent of the theory of relativity, who has been subjected to the attacks of German science students, has declared his intention to quit Berlin because of his treatment. Newspapers are making a strong protest against the annoyance to which Dr. Einstein has been subjected and declare that the professor's enforced departure would react disgracefully upon the country.

NEW STEAMER LINE
VALPARAISO, Chile, Nov. 9.—Alexander Johnson, the Swedish millionaire shipowner, president of the Johnson line of steamers, arrived on board one of his own vessels and announced plans for fortnightly sailings of the steamers of his line between Sweden and Chile.

BANDITS SECURE BONDS
CHICAGO, Nov. 9.—Four bandits held up a messenger of the Hyde Park State Bank of Chicago and escaped with a satchel containing \$41,000 in Liberty Bonds and coupons in addition to \$257,000 in non-negotiable checks. The messenger and a bystander were shot and beaten.

If you want to go to Anaheim for the big parade and celebration and have no conveyance, the Motor Transit company offers half hour service to the Mother Colony.

CONDITIONS IN STATE PRISONS ARE DECRIED

Charles Brandon Booth, in the name of the Volunteer Prison League of America, presented a strong appeal at the meeting of the local Rotary club yesterday for the support of all clubs and churches in the work which the volunteer organization is undertaking in the United States and especially in California. The problems with which the state is now confronted, Booth declared, are of the greatest importance to the welfare of society, and, like all other great problems of society, they must be solved by the people. According to Booth's statement, the prisoners within the California state prisons are not provided with means of earning any funds for the support of their families left at home and these institutions are costing the tax payers of the state a dead loss in cash of something more than half a million dollars annually. He declared that the machinery in the prison shops is inadequate and antiquated and that a great per cent of the goods produced in these shops are worthless and unmarketable.

Function Curative
"The idea that a prison is a place provided for the punishment of criminals is absolutely wrong," Booth said. "The function of the prison is curative and if the human defects that find their way into our penal institutions are not turned out better men and women than they were when they entered then the system is a complete failure."

"Two-thirds of the crimes for which men and women are sent to prison are committed by persons not more than 25 years of age. Many of these criminals come from the families of men who have served long terms behind bars and who have had no opportunity of providing their families with a livelihood. The families of the men in prison do not want charity. Often, when the head of the family is sent away to serve a sentence, the family will move to a new section of the country in the hope of starting all over again, but with the wage earner's salary cut off the family in too many cases drifts farther and farther into poverty, ashamed to make its real circumstances known and resorting to crime as a last resort."

Cites Minnesota Plan
The legislation which the Volunteers of America is asking for is designed to provide a way for the prisoners to earn a living for their families and at the same time retain their self esteem. The plan for which this organization has been working for the past twenty-four years is now in operation in the state of Minnesota. It was declared by Booth that the money which the prisoners earn with their modern equipment and under improved conditions not only provides ample support and protection for their wives and children, but maintains several state charitable institutions. In addition, there remains a substantial fund each year to help meet the general expenses of the state, thus materially lowering the burden of the taxpayer.

14-STAR WAR MEDAL PUZZLING VETERANS

ATLANTIC CITY, Nov. 10.—Atlantic City veterans of the World War are wondering whether the designer of the New Jersey victory medals was as well informed on national history as he should have been.

On the shield in the medals which are being sent to New Jersey service men are 14 stars instead of the conventional 13 to represent the original states. Some of the recipients hold that the additional star represents the Irish "republic" and others that it stands for the 14 points enunciated by a certain president.

BRIDEGROOM "HOCKS" RING
LONDON, Nov. 10.—Because Arthur Jacklin went broke and had to pawn the wedding ring to get money, he failed to appear on the day set for his scheduled marriage to Emma Shepstone of Nottingham. A few days later the girl he had disappointed met him on a street car, and when he told her the reason for his absence she forgave him. The two then proceeded to get the ring out of pawn and soon after were married.

Thirty minute service to Anaheim by the Motor Transit buses.

I know an easy way to clear your skin

"My skin was even worse than yours, and I, too, had tried so many remedies I was discouraged. But Resinol Ointment and Resinol Soap relieved the soreness almost immediately, and I was amazed when the blotches began to disappear and the pores to clear. In a short time my skin was perfectly healthy. Do give the Resinol treatment a trial." At all druggists.

News From Orange County Towns

FRIENDS GATHER TO HONOR ANNIVERSARY

VILLA PARK, Nov. 10.—Tuesday evening a merry party of relatives gathered at the home of E. H. Adams to help celebrate the thirty-seventh wedding anniversary of Mr. and Mrs. E. H. Adams. Decorations of chrysanthemums were used in the living-room and dining-room. Games were played and late in the evening refreshments of homemade candy and popcorn were served.

Those present were: Mr. and Mrs. E. H. Adams, Mr. and Mrs. Walter Adams, Wilma and Clarence Adams, Mr. and Mrs. Edgar Adams and baby, Mrs. A. S. Adams, Mrs. Mary Head, Mr. and Mrs. A. E. Hughes, Mr. and Mrs. L. O. Hanselman and baby, Mr. and Mrs. J. P. Holditch and Gwendolyn, Misses Nellie and Mary Adams and Robert Adams, Mr. and Mrs. Adams received many beautiful gifts.

Mr. F. J. Dettenthaler of Hollywood, was down on Tuesday on business. Mrs. Dettenthaler, who had been visiting with her daughter, returned to Hollywood with him.

Miss Eva Fowler of Hines, was a guest of Mrs. W. L. Adams for a few days.

The store has been moved over about ten feet and they are putting in a brick and concrete foundation to set it on. It will be some little time before things are all in ship-shape again.

The Modern Plastics club met with Mrs. Carl Durnbaugh on East Chapman street on Wednesday afternoon. French marigolds were used for decorations. As there was no business on hand, the afternoon was spent in doing fancy work and conversation.

Mrs. Pearce and Mrs. Durnbaugh were visitors. Members present were: Mesdames W. L. Adams, Edgar Adams, L. Delong, C. Durnbaugh, J. M. Gillogly, J. P. Holditch, A. E. Hughes, H. D. Nichols, C. A. Palmer, W. J. Rasch, J. Ragan, A. Spurling, C. Wallace, L. O. Hanselman and Misses Nellie Adams, Sue Collins and Margaret Holditch. The club will meet with Mrs. Hanselman on Lincoln avenue November 17.

The Shakespeare club met at the hall on Thursday afternoon. After reading the history of Henry VIII, the play was then taken up and read to end of Act III. Those present were: Mrs. Bathgate, Mrs. Holditch, Miss Holditch and Mrs. H. D. Nichols, who was a visitor.

Mrs. E. H. Adams, Mrs. Edgar Adams and baby, Mrs. L. O. Hanselman and son, Wayne, Miss Nellie Adams and Robert Adams spent Friday with Mrs. A. E. Hughes.

Bronson Holditch and J. B. Handy went away on Friday afternoon and returned that evening with ducks enough for a duck supper at each home.

Misses Jessie Holditch and Elsie Wulff of Anaheim, were guests at the home of Mrs. Ellen Holditch on Sunday.

Messrs. Carl Rasch and Matt Cumberworth also dinner guests at the Holditch home. After dinner all went for a drive up Santa Ana canyon to gather holly. Those in the party were Misses Elsie Wulff, Jessie Holditch and Margaret Holditch, and Messrs. Carl Rasch, Bronson Holditch and Matt Cumberworth. They returned with great bunches of beautifully holly.

Mr. S. G. Hill and his mother, Mrs. Agnes Hill, were guests at the home of Mr. and Mrs. H. W. Wulff, on Sunday.

The P. T. A. will meet at the school on Friday afternoon. Prof. Sherwood of Orange, will give an address. Anyone who takes an interest in the school affairs is invited to attend the meeting.

Mrs. E. N. H. Conger has been very ill for the past week. She is reported improving slowly.

Catarrh Of The Stomach Is Dangerous
"Thousands Have It and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How To Recognize and Treat.

"Thousands of people suffer more or less constantly from puffed, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in stomach, bitter eructations, gas, wind and stomach acidity and call it indigestion when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease in the alimentary canal. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

TWO FOOTBALL GAMES, FULLERTON TOMORROW

FULLERTON, Nov. 10.—E. Plummer, supervising principal of the Fullerton union high school announced that arrangements have been completed for a football game to be played on the local field Thursday, Armistice day, between Orange and Fullerton.

As a matter of fact, there will be two games. At 1:30 o'clock the Orange lightweights will play the Fullerton lightweights. At 3 o'clock the regular teams of the two high schools will mix for the real event of the afternoon.

It was originally intended that this game should be played at Orange but the Fullerton athletic and school officials wanted the game at home and shortly after noon today an arrangement was completed and the game will be played here.

MORGANS ON RETURN TRIP TO OKLAHOMA

HANSEN STATION, Nov. 10.—Mrs. William Morgan and her son, Henry, and his family have returned to Oklahoma for an indefinite stay.

Mr. and Mrs. James Carter of Santa Ana, and Gladys and George Trigg enjoyed an evening at a theater in Los Angeles, recently.

George Treffert is doing carpenter work on the new house of George Trapp.

Mrs. Morgan Jones spent Friday and Saturday in Los Angeles.

Dr. and Mrs. Chandler entertained Rowland Neeland and family, of Baldwin Park, Saturday and Sunday.

Walnuts and beans are all harvested in this section, and the rains will be welcomed now at any time.

Chas. Peters, with Frank and John Campbell, motored to Los Angeles for an evening, last week.

Mrs. H. H. Hammond entertained relatives from Beloit, Kansas, recently. The relatives are living in Orange for the winter.

B. C. Fogle has lately sold his ten acres in Hansen road to a buyer from Yorba Linda.

Robert Stocker, a well-to-do rancher of Cypress, passed away last Saturday. Interment was held in Pomona. Mr. and Mrs. Covell, Mr. and Mrs. Spraker and Mrs. Jack Dugan attended the funeral services.

Lowell and Edna Poutz of Hollywood, spent Sunday with the Lucas family.

Cecil Cook, of Hansen Station, entertained a cousin, Mrs. Cook, wife of Dr. Cook, of Pittsburgh, Pennsylvania, at his home last week. Mrs. Cook is returning from Honolulu, where she visited her parents.

Mrs. Perry Lucas, of Cypress, entertained her father and mother from Norwalk, and her brother and family of Covina, Sunday.

The Cypress Farm Bureau will hold its regular meeting Thursday evening at 8 o'clock. A good program and an interesting meeting is promised.

Mrs. C. A. Walker, a former resident of Cypress was a visitor at the old home place Monday.

P. T. A. MEETING HAS MUCH OF INTEREST

GARDEN GROVE, Nov. 10.—The Garden Grove P. T. A. held their meeting Thursday afternoon at the school auditorium. A short business meeting was held. A ways and means committee was appointed to raise funds for the P. T. A. Also a thrift committee and a committee to purchase a picture for the room having the most mothers present at the meeting. The first grade was the best represented. A short program was given by the first and second grades. The final plans were made for the teachers' reception on Wednesday evening, Nov. 10 at the school auditorium. All parents and friends are invited.

The death of J. C. Hammon occurred Saturday afternoon at his home one half mile north of Garden Grove. Mr. Hammon had been in ill health since he had the influenza about two years ago, but the end was not expected so soon and came as a severe shock to his relatives and friends.

He was born in Tennessee in July 1854 and came to Garden Grove in February, 1919. The funeral services were held at Ellis Undertaking Parlor in Orange, Monday. Rev. Siskwood conducted the services and was assisted by Rev. Francis of the Orange Baptist church. Mrs. Irvine German, Mrs. Earl Crane, Mr. C. Pollins and Garfield Allen sang, "Nearer My God to Thee," "Jesus Lover of My Soul," and "In the Sweet By and By."

Mr. Hammon leaves a wife and a brother, J. Hammon, who live in Garden Grove, also four sisters and a brother in Tennessee and a brother in Kentucky. The family have the sympathy of the entire community.

Mr. and Mrs. Earl Ladd, who were married in Anaheim, Oct. 30, last, left last Friday after a short honeymoon in San Diego. Mrs. Ladd was formerly Miss Grace Lawrence of Santa Ana but had made her home here for several months. Mr. Ladd is employed in the Pacific Electric depot here. They will make their home on East Ocean avenue, in the house which Mr. Ladd has had recently remodeled. Their friends extend best wishes for their happiness in the future.

Mr. and Mrs. Geo. Reyburn and Mr. and Mrs. H. A. Lake went to Coachella Valley Friday, to attend a meeting of the Southern California secretaries of the Chamber of Commerce.

Friday night they were guests at the hotel at Palm Springs. Sunday they went to Coachella and made a tour of the valley, having a fine luncheon at the Union High School. Saturday night a banquet was given at the Coachella Hotel. After the banquet a business meeting was held by the secretaries. They returned home Sunday by way of Banning, Beaumont and Yucaipa.

The Chamber of Commerce held their regular monthly meeting Monday evening in the Price building. A delightful program was enjoyed. Mr. and Mrs. Frisbee sang a duet and Mrs. O. H. Fulwider gave a vocal solo. A short business meeting was held but nothing of importance was discussed. A large crowd attended the meeting.

A jolly Christmas was given Mr. and Mrs. Earl Ladd at their home on Ocean avenue Friday night. A time of noise and fun the friends of the couple in the younger set were invited into the house and the evening was spent in playing games, after which the newly weds served their guests with refreshments. At a late hour they departed, wishing the couple happiness in the coming years.

Garfield and Milo Allen and George Tyler chaperoned their boys Sunday school classes of the Baptist church to Camp Baldy Saturday. They ran into a rain, hail and snow storm while climbing the mountains. The boys saw a number of wild deer that had been driven down the mountains by the storm. A very enjoyable day was passed.

Miss Theresa Bakenhus spent Sunday at the Kohlenberger home in Anaheim.

Frank Luton received the sad news Tuesday of the death of his sister, Mrs. Robert Stidham, Monday night at her home in San Bernardino. The funeral will be held Wednesday afternoon at two o'clock in San Bernardino.

Mr. and Mrs. John Ward, Mr. and Mrs. Clifton Weetsee and Mr. and Mrs. E. E. Weetsee spent Monday in Los Angeles.

Mrs. Kate Hendricks and Miss Elizabeth Miller attended the supper given by the Royal Neighbors for Mrs. Stidham.

Following the crash, which apparently did not move the huge horse an inch, that beast of burden promptly and effectively sat down upon the hood of the machine, smashing it into a mere semblance of its former self.

"The horse did not seem to be hurt any," is the content on the police report. The same could not be said of the car however. Lamps were smashed and hood and fenders badly damaged, a result of disputing the road with the big draft animal.

FRESNO COUNTY HAS SENT ORANGES EAST
FRESNO, Nov. 10.—Three cars of oranges Thursday, with one car Friday, comprised the first shipments of citrus fruit for the season from Fresno county, moving to eastern markets at least ten days earlier than the usual initial shipments from this district. The oranges were shipped from Sanger by the Stewart Fruit Co., and according to C. E. Campbell, manager of the company, the fruit was of the very finest quality, both as to appearance and flavor. Three more cars move today.

Less than six cars of oranges have been shipped from the state, it is understood, which puts the Sanger district into the eastern markets ahead of nearly everything else in California.

PAULARINO SCENE OF INDIGNATION MEETING

PAULARINO, Nov. 10.—As a result of the meeting held recently in the Paularino school house petitions addressed to the State Board of Health at Sacramento calling attention to the unsanitary condition of the Delhi Drainage Canal are being circulated. This unsanitary condition has been due to the leakage from the sewer outfalls of the sugar factories near Delhi.

Representatives from Balboa, Costa Mesa, Greenville and Paularino attended the meeting which was held in the Paularino school. The purpose of the meeting was to stir the authorities to some action which will prevent the recurrence of a similar condition and remedy the present bad state. The petitions to the state health officials are signed.

After a discussion in which much interest in the question was shown, the petitions were drawn up and are to be sent to Sacramento after they are signed.

GIFTS WANTED FOR RELIEF IN POLAND

PAULARINO, Nov. 10.—Residents in this district are active in the work of Polish relief. A thorough canvass of the section is to be made soon and people having various articles of clothing which they would be willing to contribute to aid the destitute people of Poland will be given an opportunity to send it where it will do the greatest good.

A list of the articles needed includes suits, dresses, coats, underwear, shoes, stockings, caps, hats, quilts, bedding of all sorts, soap, thread, remnants of all kinds, bolts of cloth, men's discarded shirts and white goods for bandages. A generous answer to this appeal is expected from the people of this district.

Mr. Wells and Mr. Shiffer spent Friday in Los Angeles.

Theodore Baker spent Sunday at the Wells home.

Mr. and Mrs. Fry of Orange, spent Sunday at the home of their daughter, Mrs. Flint. In the afternoon all went to Newport Beach.

Forest Flint was quite ill Saturday afternoon and evening, but is rapidly improving.

Minnie Douglas spent Sunday at Long Beach.

Mrs. Chilcoat, Claude Chilcoat, Edna Chilcoat and Mr. and Mrs. Christian spent Sunday at Long Beach.

Mr. and Mrs. Emerson spent Sunday in Santa Ana visiting at the home of J. B. Cox.

Mr. and Mrs. Bierbower and family of Orange, spent Sunday evening at the Flint home.

Another good rain visited this vicinity Saturday and Sunday nights. Mrs. Mitchell received the sad news of the death of her brother-in-law, Newton Mitchell, at Moscow, Kansas. Mitchell was in Paularino for about two weeks this summer visiting at the home of J. A. Shiffer.

Miss Emma Shiffer was unable to attend high school Monday.

Mr. and Mrs. Pierce have moved into the house recently vacated by Mr. Skeller.

Little Arthur Wells cut his hand severely when he fell on a plow while playing in the yard.

BUENA PARK BUYS NEW FIRE TRUCK

BUENA PARK, Nov. 10.—Much satisfaction is felt by Fire Chief Charles Owens over the success of the latest venture made by the fire company. The response to the demand of the fighters for money met with a quick and generous response from all who were approached of the subject. A new truck has been purchased with a tank as well and all equipment that goes with it has been procured and paid for.

The fire department now has a complete double equipment so that any fire can be fought from two sides or so that the chemicals on one truck may be refilled while the other is being discharged.

Edward Kellenberger, a former Buena Park boy, was in Buena Park last Saturday. Mr. Kellenberger is in the navy and made the trip from San Diego with nine other officers in one of the army dirigibles returning to the navy base on Monday via the same transportation. Mr. Kellenberger is stationed on the U. S. S. Farragut and with one other officer is in complete command of the new boat.

Miss Irene Bloomer of Lincoln, Nebraska, and Leslie Crandall of Los Angeles visited over the week-end at the J. F. Thompson home.

Mrs. D. W. Hasson, who has been ill for some little time past, is reported to be improving and much hope is held out for her rapid recovery.

Mr. and Mrs. James Macklin have returned from a week-end visit to Little Bear Valley and other mountain resorts. They report a very pleasant trip, but rather crisp and snappy weather.

Miss Wanita Simpson entertained twenty guests at her home on Friday evening. The affair was of a Halloween nature with the guests dressed as ghosts and with jack-o'-lanterns serving for lighting purposes. The house was decorated with cats, witches, owls, bats and other motifs appropriate to the occasion. The refreshments were of the same order, consisting of nuts, doughnuts, apples, coffee and cider. At a late hour the party broke up and all reported a very pleasant evening.

Mrs. Herbert Bixby recently entertained with a delicious five course dinner at her home on Ninth street. Dr. Guy Wallace and wife of Oakland with Mr. and Mrs. Arthur Klein of Los Angeles were the honored guests. Mrs. Wallace and Mrs. Klein are nieces of Mrs. Bixby.

Reverend C. L. Knight was a Los Angeles visitor on Monday.

J. C. Reeve, who has been in the Fullerton hospital for some time, following an operation, has been taken to his home and is reported to be improving slowly.

Mr. and Mrs. S. W. Little made a trip to La Crescenta on Sunday, visiting the main cabin they are erecting for summer use.

Residents to the south and east of town are industriously working to have gas mains extended over the new territory to accommodate their ranches.

The Parent-Teachers association met on Tuesday evening at the school hall. A very interesting meeting was held in which a drill by Miss Crandall's room was a feature.

Mr. Robert Woodworth of Los Angeles spent Sunday with his parents Mr. and Mrs. J. M. Woodworth.

Mr. and Mrs. John Ward and their children fifteen Weetsee and wife, E. E. Weetsee and wife and Mr. and Mrs. Martin, all of Kansas, were Long Beach visitors, Wednesday.

Miss C. Churchill of Los Angeles visited the Garfield and Milo Allen families Monday and Tuesday.

Mr. and Mrs. J. M. Chilson visited some sick relatives at Long Beach Sunday.

Mrs. J. O. Arkley has gone to Tulare on a business trip.

WE HAVE TO SMILE
when people come here with old shoes which they don't want to leave to our tender mercies and depart. We have to smile again when they come back and see how our shoe repairing has transformed their old shoes practically into new footwear. They never doubt that. Neither will you if you test our skill with some of your worn shoes.

ACCUSE SPEAKER OF BEING AN IMPOSTER

MARYSVILLE, Nov. 10.—Ben Scovell, military entertainer, actor, humorist and veteran of the world and Boer wars, who spoke here Wednesday before the Marysville Rotary Club, who presented testimonials signed among other prominent California men by the Mayor of San Francisco, and who stated that he was badly wounded in the third battle of Ypres with the 169th Canadian Battalion, was publicly accused by F. A. Carne, of the local office of the Virden Packing Company, of being a "four flusher."

When Scovell spoke before the local Rotary Club he stated that he had been a member of the Los Angeles Rotary Club for eight years. Frank Gates, local Y. M. C. A. secretary, who introduced Scovell at the local club upon the recommendation of the Sacramento club, wired yesterday to the secretary of the Los Angeles Rotary Club asking if Scovell was a member. The secretary wired back that there was no such name on the rolls and that Scovell had never been a member of the organization.

Carne called Scovell up by long distance at the Hotel Clunie in Sacramento Thursday and asked him if he had a discharge from the Canadian army. Scovell replied that he had left it behind. Then Carne, who enlisted in the 8th Canadian Field Ambulance in 1915, who was demobilized in 1919, and who spent three years in France asked him if he was in the third battle of Ypres, and Scovell answered that he was with the 169th Battalion in the 2nd Division. Carne then called Scovell a liar. Scovell promised to take the next Sacramento northern train to Marysville to face his accuser and to prove his statements.

Carne and Gates waited until midnight. Then they got the clerk of the Hotel Clunie on the telephone and he informed them that Scovell had left for San Francisco.

Carne sent the following telegram to J. Stuart of Victoria, B. C., a former Canadian War Office attaché: "Was 169th Battalion in Second Division?"

Telegrams impeach Scovell. Stuart answered as follows: "Not in Second Division as a battalion. Perhaps as replacements." Carne then sent the following wire to military headquarters, Toronto, Canada: "When did 169th Battalion leave for overseas? Rush answer, important."

The answer from military headquarters follows: "169th Battalion embarked for overseas October 6, 1916."

Carne declared that these proved that Scovell was not telling the truth as the third battle of Ypres, in which the entertainer and actor declared he was wounded while with the 169th Battalion, was fought in June, 1916.

Statements disproved. "He claims that the 169th Battalion went into action 1200 strong and that he is one of the seventeen survivors," said Carne. "I was in France three years and in close touch with Canadian military affairs, and I can state that no such casualties were suffered by any Canadian battalion. I am going to write to Canadian ex-service men all over the State to get more dope on Scovell. I am going to ask if any of them know him. He is wearing the Canadian overseas button, but he cannot produce a discharge; he could not even tell in which unit he served. It is up to him to explain."

Scovell was to be one of the chief speakers at the American Legion celebration here on Armistice day, but the local post has held the matter in abeyance until Scovell clears himself of the charges.

TURKS ARE HOLDING YANKS AS HOSTAGES

CONSTANTINOPLE, Nov. 10.—The Nationalists are holding Col. P. P. Coombs, director of the American Commission for Relief in the Near East, at Samsoun and will not permit him to proceed into the interior on a tour of inspection or return to Constantinople.

It is reported he and other Americans are held as hostages at the instance of the Bolsheviks at Angora.

TWO WOMEN ARE DEAD FOLLOWING QUARREL

FULTON, Mo., Nov. 10.—Miss Carolyn Wear, stenographer, shot and killed her best friend, Mrs. Ada McCowan. She then killed herself. It is said the women quarreled when they became jealous over each other's popularity among their feminine acquaintances.

Miss Wear boarded in the McCowan home. The two women occupied the same room and always attended the same social functions together. They had been close companions for two years. They went riding daily in Mrs. McCowan's automobile.

Recently they quarreled when they accused each other of "stealing" the other's women friends. The quarrel was patched up, however.

Yesterday Mrs. McCowan's mother heard three shots ring out in the room jointly occupied by the friends. When policemen forced open the door they found both dead.

Mrs. McCowan had two bullet holes through her body. Miss Wear had been shot through the heart. A revolver lay near her.

ASKING STATE FOR CITRUS INSPECTION

Many shippers of oranges and lemons in California have requested official state inspection for the coming season.

One of the largest independent orange distributors in the state, in writing to Eastern agents and buyers, states:

"All members of the American Fruit and Vegetable Shippers' association, and I believe most members of the Western Fruit Jobbers' association, have repeatedly urged the necessity of state or government inspection service at shipping point to eradicate misunderstandings and controversies that arise in handling of o. b. purchases. This greatly desired service is now available for the first time in California. Certificates as to the quality and condition of the products inspected are prima facie evidence in any court in the state and thus provide the shipper with a definite protection in case of attempted rejection of raisins."

W. F. Read, in charge of the inspection service for the state of California department of agriculture, states that other shippers are giving similar assurance. The inspection service will immediately be recognized by all buyers as the missing link bringing about satisfactory buying on an f. o. b. basis. Whenever a man purchases for cash, bank guarantee basis, the state inspector will upon request of the buyer, send a collector giving a brief summary of his findings, so that this may be received before sending the bank guarantee; in inspection certificate will be issued in all cases as well.

POOR BREAD CAUSES SICKNESS IN VIENNA

VIENNA, Nov. 10.—The poor quality of the bread which the people have at present to eat is stated to be the cause of extraordinary increase of intestinal affections in the last weeks, and over which the medical faculty here is very much concerned.

A peculiar feature of the epidemic is that it is accompanied by skin eruptions similar to those caused by pellagra. Pellagra is generally believed to be caused by eating a poor grade of corn and the bread as baked at present in Vienna contains forty per cent corn flour and 20 per cent potato flour.

ADDS MORE SHIPS TO PACIFIC FLEET

LOS ANGELES, Nov. 10.—Immediate strengthening of the Pacific fleet, which will make the naval force under the command of Admiral Hugh Rodman, the most powerful as the fleet, which Admiral Evans led triumphantly around the world in 1908, has been ordered by the navy department at Washington.

Word of this action, which will make the Stars and Stripes the dominant flag on the ocean which faces the Orient, was received from Washington yesterday.

According to the Washington announcement, the vessels which are to be immediately added to the fleet under Admiral Rodman consist of seven second-line battleships composing battle squadron No. 2 now attached to the Atlantic fleet under Admiral H. B. Wilson.

The vessels include the Minnesota, New Hampshire and Kansas of the First division, and the Connecticut, Louisiana, North Carolina and Michigan of the Fourth division. All the battleships are of about 16,000 tons displacement.

L. A. MAN IS HELD ON MURDER CHARGE

GREAT FALLS, Mont., Nov. 10.—A man, believed by the police to be Dennis Chester, charged with the murder of Miss Florence Burton in Kansas City, Mo., recently, was arrested here today. Chester, officers said, was arrested following the finding of the young woman's body in her automobile, but disappeared after his release on bonds. He was traced to Los Angeles, they stated. Chester denies he is the murderer of Miss Burton.

Chester, who has been identified by tattoo marks, was arrested by Chief of Police Marcus Anderson of Great Falls and a Kansas City private detective.

The Los Angeles police department was notified by the Kansas City police on October 28 that Dennis Chester was in this vicinity and that he was wanted on suspicion of murder of Miss Florence Burton, Kansas City society woman. It was reported that Chester's mother lived on East Third street, and that Chester was a desperate character, auto thief and hold-up man. No trace of him was found here.

FIRING SQUAD ENDS LIFE OF ELEPHANT

SALINA, Kan., Nov. 10.—"Snyder," a \$10,000 trained elephant owned by a circus, is dead. He met his death here recently at the hands of a firing squad. Prior to his death he furnished the curious who had traveled to the show grounds to see a three-ring performance but instead witnessed a tragedy "when an elephant goes mad" with fears and thrills.

Everything was in readiness for the afternoon performance. Under the great white canvas tent flocked the show goers. Dad, mother and the children—they were all there. The ringmaster had cracked his whip and then—from a rear tent came a roar. "Snyder," the trained elephant had taken offense at the appearance of a new trainer. He refused to be subdued and in a few minutes the happy crowd of a few moments before was thrown into a panic. They surged the doors, crawled through apertures in the side of the canvas, while "Snyder" started to play ball with the cages of his fellow animals.

A meal of apples and marshmallows, mixed with deadly poison, only added to his rage. A cage of four lions caught his eye and with another roar he caught the cage with his trunk and tossed it thirty feet away.

Then a firing squad of five army rifles was brought into action. The shooters took their places on the tops of cages and waited for an opportunity to shoot. One volley was fired, another, and still another. The enraged elephant made a last desperate attempt to reach his enemies but the steel bullets had reached their mark.

A matinee was given late in the afternoon, but the afternoon performance was abandoned. No one is believed to have been injured in the stampede that resulted when the crowd pushed through the tent doors.

TELLS HOW TO GET RID OF GARDEN SLUGS

Slugs are becoming of increasing importance as pests in gardens and on ornamentals in California. The Oregon agriculture experiment station has recently issued a bulletin on the control of these pests, from which the following valuable suggestions are taken:

Many of the poisons in common use as insecticides are of questionable value in controlling slugs.

Bordeaux mixture, either liquid or dry, is an excellent repellent. Calcium arsenate prepared as a bait is readily devoured and is highly toxic to slugs.

A combination of a repellent and a poison bait constitutes the most effective control procedure. In our tests Bordeaux mixture—4-4-50 sprayed on the plants combined with the use of a poison bait of calcium arsenate, 1 part to 16 parts chopped lettuce scattered in small heaps over the affected area gave a high degree of efficiency in plant protection and slug control.

Inquiries regarding the control of slugs may be addressed to the office of pest control, California department of agriculture, Sacramento, California.

DEMANDS PRESIDENT OF RAILROAD RESIGN

SAN FRANCISCO, Nov. 10.—John S. Drum, San Francisco banker and a director of the Sacramento Northern Railroad company, at a meeting of the road directorate, demanded the resignation of G. F. Detrick, president of the line. Detrick refused and Drum offered a resolution that the presidency should be declared vacant. The motion was voted down, six to three. Four directors were absent.

With his motion to oust Detrick defeated, Drum was granted unanimous leave by the board, to call a meeting of all security holders of the road and explain to them the real value of the road, which Drum asserted is much more than the exchange value placed by the Western Pacific, with which road Detrick is said to have negotiated for selling the Sacramento Northern.

Drum, after the meeting addressed a letter to Sacramento Northern security holders, setting Friday next for the meeting.

Publication was made here today of a report the Chicago, Burlington and Quincy railroad might make a bid for the properties of the Sacramento Northern.

GRANDMOTHER KNEW There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that Mustard plasters gave, without the plaster and without the blister. Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief. How speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).
